#### DIRECTORS' REPORT

The Directors have pleasure in submitting their report and the audited financial statements of the Group and of the Company for the financial year ended 31 December 2022.

#### **PRINCIPAL ACTIVITIES**

The Company is an investment holding company. The principal activities of its subsidiaries are disclosed in Note 12 to the financial statements.

There have been no significant changes in the nature of these activities of the Group and of the Company during the financial year.

#### **RESULTS**

|                                   | Group<br>RM | Company<br>RM |
|-----------------------------------|-------------|---------------|
| Net profit for the financial year | 178,226,243 | 70,375,549    |
| Attributable to:                  |             |               |
| Owners of the Company             | 178,257,361 |               |
| Non-controlling interest          | (31,118)    |               |
|                                   | 178,226,243 |               |

#### **DIVIDENDS**

As disclosed in the last year's report, on 22 February 2022, the Board of Directors has declared a second interim single tier dividend of 3.5 sen per ordinary share for the financial year ended 31 December 2021, amounting to RM29,306,451, which was paid on 25 March 2022.

On 22 August 2022, the Board of Directors has declared an interim single tier dividend of 3.0 sen per ordinary share for the financial year ended 31 December 2022, amounting to RM25,119,816, which was paid on 26 September 2022.

On 27 February 2023, the Board of Directors has declared a second interim single tier dividend of 3.5 sen per ordinary share for the financial year ended 31 December 2022, amounting to RM29,306,451. The entitlement date has been fixed on 04 April 2023, which is payable on 17 April 2023 and will be credited into the entitled depositors' securities accounts maintained with Bursa Malaysia Depository Sdn. Bhd. This dividend will be accounted for in the equity as an appropriation of retained profits in the financial year ending 31 December 2023.

The Board of Directors does not recommend any final dividend in respect of the current financial year.

#### **RESERVES AND PROVISIONS**

There was no material transfer to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

#### **ISSUANCE OF SHARES OR DEBENTURES**

#### Ordinary shares

During the financial year, the Company has increased its issued ordinary shares from RM617,385,785 to RM636,005,550 by way of the issuance of 14,895,812 new ordinary shares at an issue price of RM1.25 per share pursuant to the exercise of Warrants B 2017/2022 ("Warrants B").

The new ordinary shares issued during the financial year rank pari passu in all respects with the existing ordinary shares of the Company.

Redeemable convertible preference shares ("RCPS")

As at 31 December 2022, the total number of RCPS remain unconverted amounted to 296,192,288.

The Company has not issued any debentures during the financial year.

#### **OPTIONS GRANTED OVER UNISSUED SHARES**

No options were granted to any person to take up any unissued shares of the Company during the financial year apart from the issuance of options pursuant to the Warrant B and Employee Share Option Scheme ("ESOS").

#### Warrant B

During the financial year, 14,895,812 of Warrants B were exercised at an exercise price of RM1.25 per Warrant B. On 21 January 2022, the total number of Warrants B that remained unexercised amounted to 4,387,765 had expired and lapsed.

Further information is disclosed in Note 21 to the financial statements.

#### **ESOS**

During the financial year, the Company has granted 12,450,000 share options under the ESOS plan. These options have a vesting period of five (5) years from 03 February 2022 to 02 February 2027 and will expire on 03 February 2027. These options are exercisable if the employee remains in service for three (3) years from the date of grant.

The salient features and other terms of the ESOS are disclosed in Note 23(i) to the financial statements.

The options offered for the subscription of unissued ordinary shares and the respective exercise prices are as follows: -

| Date of offer    | Exercise<br>price<br>RM | 01.01.2022<br>Unit | Granted<br>Unit | Exercised<br>Unit | 31.12.2022<br>Unit |
|------------------|-------------------------|--------------------|-----------------|-------------------|--------------------|
| 25 October 2021  | 1.44                    | 74,600,000         | -               | -                 | 74,600,000         |
| 03 February 2022 | 1.17                    | <u> </u>           | 12,450,000      |                   | 12,450,000         |
|                  |                         | 74,600,000         | 12,450,000      |                   | 87,050,000         |

Details of ESOS granted to Directors and employees of the Group are disclosed in Note 23(i) to the financial statements.

Indirect interest pursuant to Section 8(4) of the Companies Act 2016 via Lagenda Land Sdn. Bhd. and Setia Awan Plantation Sdn. Bhd., which in turn holds 100% equity interest in Doh Capital Sdn. Bhd.

Dato' Doh Jee Ming and Dato' Doh Jee Chai are deemed to have interest in the shares held by the Company over its subsidiaries by virtue of their substantial interest in shares: -

- via Setia Awan Plantation Sdn. Bhd., which in turn holds 100% equity interest in Doh Capital Sdn. Bhd.
- via Lagenda Land Sdn. Bhd.

None of the other Directors in office at the end of the financial year had any interest in shares of the Company or its related corporations during the financial year.

<sup>^</sup> Indirect interest pursuant to Section 8(4) of the Companies Act 2016 via Lagenda Land Sdn. Bhd.

#### **DIRECTORS' REMUNERATION AND BENEFITS**

The amounts of fees and other benefits paid to or receivable by the Directors or past Directors of the Company and the estimated money value of any other benefits received or receivable by them otherwise than in cash from the Company and its subsidiaries for their services to the Company and its subsidiaries were as follows: -

|  | Company<br>RM | Subsidiaries<br>RM |
|--|---------------|--------------------|
|  |               |                    |
| Fees                                       | 310,000       | -                  |
| Salaries and other emoluments              | 1,290,000     | 840,000            |
| Contributions to defined contribution plan | 630,000       | 420,000            |
| Share options                              | 685,675       | -                  |
| Others                                     | 1,002         | 1,002              |
| Benefits-in-kind                           | 25,000        | <u> </u>           |
| Total fees and other benefits              | 2,941,677     | 1,261,002          |

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than Directors' emoluments received or due and receivable as disclosed in Note 6(i) to the financial statements or the fixed salary of a full-time employee of the Company) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest, other than as disclosed in Note 30 to the financial statements.

There were no arrangements during or at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

#### OTHER STATUTORY INFORMATION

- (a) Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps:
  - to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of
    provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that
    provision need not be made for doubtful debts; and
  - (ii) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including their value as shown in the accounting records of the Group and of the Company have been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Directors are not aware of any circumstances:
  - (i) which would render the amount written off for bad debts inadequate to any substantial extent or necessitate the making of provision for doubtful debts;
  - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading;
  - (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
  - (iv) not otherwise dealt with in the report or financial statements which would render any amount stated in the financial statements misleading.

### DIRECTORS' REPORT (Cont'd)

#### OTHER STATUTORY INFORMATION (cont'd)

- (c) At the date of this report, there does not exist:
  - (i) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
  - (ii) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.
- (d) In the opinion of the Directors:
  - (i) no contingent or other liability has become enforceable, or likely to become enforceable, within the period of twelve months after the end of the financial year, which will or may affect the ability of the Group and of the Company to meet their obligations as and when they fall due;
  - (ii) the results of the operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature; and
  - (iii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.
- (e) The total amount paid to or receivable by the auditors of the Company and its subsidiaries as remuneration for their services has been disclosed in Note 6 to the financial statements.
- (f) There was no amount paid to or receivable by any third party in respect of the services provided to the Company or any of its subsidiaries by any Director or past Director of the Company.
- (g) There was no indemnity given to or insurance effected for any Director, officer or auditor of the Group and of the Company.

#### HOLDING COMPANY

The Directors regard Lagenda Land Sdn. Bhd., a private limited liability company incorporated in Malaysia as the holding company.

#### SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

Details of significant events during the financial year are disclosed in Note 37 to the financial statements.

#### **EVENTS SUBSEQUENT TO THE END OF FINANCIAL YEAR**

Details of events subsequent to the end of financial year are disclosed in Note 38 to the financial statements.

#### **AUDITORS**

The auditors, Messrs. Moore Stephens Associates PLT, have expressed their willingness to continue in office.

Approved and signed on behalf of the Board in accordance with a resolution of the Directors dated 10 April 2023.

DATO' DOH JEE MING DR. LIM PANG KIAM

### STATEMENT BY DIRECTORS

Pursuant to Section 251(2) of the Companies Act 2016

We, the undersigned, being two of the Directors of the Company, do hereby state that, in the opinion of the Directors, the accompanying financial statements as set out on pages 104 to 207 are drawn up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia, so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2022 and of their financial performance and cash flows for the financial year then ended.

Approved and signed on behalf of the Board in accordance with a resolution of the Directors dated 10 April 2023.

DATO' DOH JEE MING DR. LIM PANG KIAM

### STATUTORY DECLARATION

Pursuant to Section 251(1) of the Companies Act 2016

I, LEE WEI JIN (MIA No.:33992), being the Officer primarily responsible for the financial management of the Company, do solemnly and sincerely declare that the financial statements as set out on pages 104 to 207 are to the best of my knowledge and belief, correct and I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declarations Act, 1960.

Subscribed and solemnly declared by the abovenamed at Kuala Lumpur in the Federal Territory on 10 April 2023

LEE WEI JIN

Before me,

#### INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF LAGENDA PROPERTIES BERHAD

#### Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the financial statements of Lagenda Properties Berhad, which comprise the statements of financial position as at 31 December 2022 and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 104 to 207.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2022, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

#### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Impairment Review of Goodwill and the Company's Investments in Subsidiaries

#### <u>Goodwill</u>

As at 31 December 2022, as shown in Note 11 to the financial statements, the carrying amount of the Group's goodwill amounted to RM25,576,497.

The Group is required to, at least annually, perform impairment assessments of goodwill that has an indefinite useful life. The annual impairment assessment of goodwill is considered to be an area of audit focus because the assessment process is complex, involves significant management judgement and is based on assumptions that are affected by expected future market and economic conditions.

For the purpose of performing impairment assessments, goodwill has been allocated to respective cash-generating units ("CGUs"). The recoverable amount of the underlying CGUs is supported by value-in-use ("VIU") or fair value less costs of disposal calculations which are based on future discounted cashflows. The management concluded that no impairment on goodwill is required as at 31 December 2022.

TO THE MEMBERS OF LAGENDA PROPERTIES BERHAD

#### **Key Audit Matters (Cont'd)**

#### Impairment Review of Goodwill and the Company's Investments in Subsidiaries (Cont'd)

#### Investments in subsidiaries

As at 31 December 2022, as shown in Note 12 to the financial statements, the carrying amount of the Company's investments in subsidiaries amounted to RM779,303,456.

A lower of net assets recorded by certain subsidiaries have resulted in an indication that the carrying amount of investments in subsidiaries may be impaired. Accordingly, the Company estimated the recoverable amount of the investments in subsidiaries either based on VIU calculations using cashflows projections derived from the most recent financial forecast approved by the Directors covering a five-year period or fair value less costs of disposal (as the case may be).

We have identified the impairment review of goodwill and investments in subsidiaries as a key audit matter as impairment test involves significant judgement in estimating the underlying assumptions to be applied in the discounted cash flows projections of the VIU calculations and of the fair value less costs of disposal calculations. The recoverable amount of investments in subsidiaries and goodwill is highly sensitive to key assumptions applied in respect of future revenue growth rate, gross margin and the pre-tax discount rate used in the cash flows projections. A small change in the assumption can have a significant impact on the estimation of the recoverable amount.

#### Our audit performed and responses thereon

In addressing the matters above, we have performed the following audit procedures to evaluate management's basis and assumptions used in the VIU and the estimate of fair value less cost of disposal for respective subsidiaries and CGUs: -

- Assessed whether the recoverable amounts were prepared by management based on the approved budgets by the Directors;
- Evaluated management's budgeting process by comparing actual results to historical cash flow projections;
- Reviewed management's impairment assessment including comparing growth rate, gross margin and discount rate
  against our knowledge of the Group's historical performance, business and cost management strategies based on facts
  and circumstances currently available;
- Performed a sensitivity analysis by changing certain key assumptions used in the VIU and fair value less costs of disposal
  calculations and assessed the impact of the recoverable amounts of the cost of investments and goodwill; and
- Assessed the fair value less costs of disposal of the respective subsidiaries and CGUs in deriving the recoverable amounts
  of the cost of investments and goodwill.

#### Property development revenue and cost recognition

Revenue and cost from property development activity recognised during the financial year as disclosed in Notes 4 and 5 to the financial statements amounted to RM644,890,941 and RM348,737,955 respectively.

Property development revenue is recognised over the period of the project by reference to the progress towards complete satisfaction of the performance obligation. The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (i.e., by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the project).

Judgement is required in determining the progress of property development towards the complete satisfaction of the performance obligation, which include relying on past experience and continuous monitoring of the budgeting process. The management's estimates and judgements affect the cost-based input method computations and the amount of revenue and profit recognised during the year.

We focused on this area because of the magnitude of the revenue and the costs recognised by the Group from these activities, which are based on significant estimates and judgements.

#### **Key Audit Matters (Cont'd)**

#### Property development revenue and cost recognition (Cont'd)

#### Our audit performed and responses thereon

In addressing the matters above, we have performed the following audit procedures to assess the property development revenue and cost recognition: -

- Verified the contracted selling price of the property development units to the sale and purchase agreements ("SPA");
- Tested the operating effectiveness of the key controls in respect of the review and approval of project cost budgets to assess the reliability of these budgets and the determination of the extent of costs incurred to date;
- Verified the costs incurred to supporting documentation such as the sub-contractors' claim certificates and invoices from vendors;
- Performed site-visits for individually significant on-going projects to arrive at an overall assessment towards stage of completion;
- Checked reasonableness of the stage of completion based on actual costs incurred to date over the estimated total property development costs with architect certificates;
- Performed reasonableness test on accrued contractor costs incurred by the Group of which invoice/progress claim has
  yet to be received;
- Performed re-computation of percentage of completion and percentage of sales; and
- Examined material non-standard journal entries and other adjustments posted to revenue and cost of sales accounts.

#### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the Annual Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the Annual Report and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Annual Report, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are also responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

TO THE MEMBERS OF LAGENDA PROPERTIES BERHAD

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also: -

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

TO THE MEMBERS OF LAGENDA PROPERTIES BERHAD

#### Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The annexed notes form an integral part of, and should be read in conjunction with, these financial statements.

### NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2022

#### 1. CORPORATE INFORMATION

The Company is a public limited liability company, incorporated and domiciled in Malaysia and is listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at No. 5-9A, The Boulevard Offices, Mid Valley City, Lingkaran Syed Putra, 59200 Kuala Lumpur, W.P. Kuala Lumpur.

The principal place of business of the Company is located at Level 4, No. 131, Persiaran PM2/1, Pusat Bandar Seri Manjung, Seksyen 2, 32040 Seri Manjung, Perak Darul Ridzuan.

The branch of business of the Company is located at G3A03, Block G, Pusat Dagangan Phileo Damansara 1, No. 9, Jalan 16/11, Off Jalan Damansara, 46350 Petaling Jaya, Selangor.

The Company is an investment holding company. The principal activities of its subsidiaries are disclosed in Note 12. There have been no significant changes in the nature of these activities of the Group and of the Company during the financial year.

The Directors regard Lagenda Land Sdn. Bhd., a private limited liability company incorporated in Malaysia as the holding company.

The financial statements were authorised for issue in accordance with a Board of Directors' resolution dated 10 April 2023.

#### 2. BASIS OF PREPARATION

#### (a) Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The Group and the Company have also considered the new accounting pronouncements in the preparation of the financial statements.

#### (i) Accounting pronouncements that are effective and adopted during the financial year

The Group and the Company have adopted the following new accounting pronouncements that are mandatory for the current financial year: -

Amendments to MFRS 3 Reference to the Conceptual Framework

Amendments to MFRS 16 Covid-19 – Related Rent Concession beyond 30 June 2021

Amendments to MFRS 116 Plant and equipment Proceeds before Intended Use

Amendments to MFRS 137 Onerous Contracts - Cost of Fulfilling a Contract

Annual Improvements to MFRSs 2018 - 2020

The adoption of the above accounting pronouncements did not have any significant effect on the financial statements of the Group and of the Company.

#### (ii) Accounting pronouncements that are issued but not yet effective and have not been early adopted

The Group and the Company have not adopted the following accounting pronouncements that have been issued as at the date of authorisation of these financial statements but are not yet effective for the Group and the Company.

31 DECEMBER 2022

#### 2. BASIS OF PREPARATION (Cont'd)

#### (a) Statement of compliance (Cont'd)

#### (ii) Accounting pronouncements that are effective and adopted during the financial year (Cont'd)

#### Effective for financial periods beginning on or after 1 January 2023

MFRS 17 Insurance Contracts

Amendments to MFRS 17 Initial Application of MFRS 17 and MFRS 9 –

Comparative Information

Amendments to MFRS 101 and MFRS Practice
Statement 2

Disclosure of Accounting Policies

Amendments to MFRS 108 Definition of Accounting Estimates

from a Single Transaction

#### Effective for financial periods beginning on or after 1 January 2024

Amendments to MFRS 16 Lease Liability in a Sale and Leaseback

Amendments to MFRS 101 Classification of Liabilities as Current or Non-current

Amendments to MFRS 101 Non-Current Liabilities with Covenants

the financial statements of the Group and of the Company upon their initial application.

Effective date to be announced

Amendments to MFRS 10 and MFRS 128

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The Group and the Company will adopt the above accounting pronouncements when they become effective in the respective financial periods. These accounting pronouncements are not expected to have any effect to

#### (b) Basis of measurement

The financial statements of the Group and of the Company have been prepared on the historical cost convention except for those as disclosed in the accounting policy notes.

#### (c) Functional and presentation currency

The financial statements are presented in Ringgit Malaysia ("RM"), which is the Group's and the Company's functional currency.

#### (d) Significant accounting estimates and judgements

The summary of accounting policies as described in Note 3 are essential to understand the Group's and the Company's result of operations, financial position, cash flows and other disclosures. Certain of these accounting policies require critical accounting estimates that involve complex and subjective judgements and the use of assumptions, some of which may be for matters that are inherently uncertain and susceptible to change. Directors exercise their judgement in the process of applying the Group's and the Company's accounting policies.

Estimates, assumptions concerning the future and judgements are made in the preparation of the financial statements. They affect the application of the Group's and of the Company's accounting policies and reported amounts of assets, liabilities, income and expenses, and disclosures made. Estimates and underlying assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

31 DECEMBER 2022

#### 2. BASIS OF PREPARATION (Cont'd)

#### (d) Significant accounting estimates and judgements (Cont'd)

The key assumptions concerning the future and other key sources of estimation or uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are set out below.

#### (i) Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis and at other times when such indication exists. This requires management to estimate the expected future cash flows of the cash-generating unit to which goodwill is allocated and to apply a suitable discount rate in order to determine the present value of those cash flows. The future cash flows are most sensitive to budgeted gross margins, growth rates estimated and discount rate used. If the expectation is different from the estimation, such difference will impact the carrying value of goodwill.

#### (ii) Property development revenue

Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (i.e., by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the contract). In making the estimate, management relies on opinion/service of experts, past experience and a continuous monitoring mechanism.

#### (iii) Impairment of investments in subsidiaries

The Company determines whether its investments in subsidiaries is impaired by evaluating the extent to which the recoverable amount of the investment in subsidiaries is less than its carrying amount. Discounted cash flows are used to determine the recoverable amount of which significant judgement is required in the estimation of the present value of future cash flows generated by respective subsidiaries which are regarded as stand-alone. Cash-generating Unit ("CGU"), which involve uncertainties and are significantly affected by assumptions used and judgements made regarding estimates of future cash flows and discount rates. The carrying amount of investment in subsidiaries as at the reporting date is disclosed in Note 12.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

#### (a) Basis of consolidation

#### Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the reporting date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied for like transactions and events in similar circumstances.

The Company controls an investee if and only if the Company has all the following: -

- (i) Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its investment with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (a) Basis of consolidation (Cont'd)

#### Consolidation (Cont'd)

When the Company has less than a majority of the voting rights of an investee, the Company considers the following in assessing whether or not the Company's voting rights in an investee are sufficient to give it power over the investee: -

- (i) The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- (ii) Potential voting rights held by the Company, other vote holders or other parties;
- (iii) Rights arising from other contractual arrangements; and
- (iv) Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

Changes in the Company's ownership interests in subsidiaries that do not result in the Company losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Company's interest and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. The resulting difference is recognised directly in equity and attributed to Owners of the Company.

When control ceases, the disposal proceeds and the fair value of any retained investment are compared to the Group's share of the net assets disposed. The difference together with the carrying amount of allocated goodwill and the exchange reserve that relate to the subsidiary is recognised as gain or loss on disposal.

#### **Business combination**

Acquisitions of subsidiaries are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. The Group elects on a transaction-by-transaction basis whether to measure the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Transaction cost incurred are expensed and included in administrative expenses.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes in the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in accordance with MFRS 9 either in profit or loss or a change to other comprehensive income. If the contingent consideration is classified as equity, it will not be remeasured. Subsequent settlement is accounted for within equity. In instances where the contingent consideration does not fall within the scope of MFRS 9, it is measured in accordance with the appropriate MFRS.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (a) Basis of consolidation (Cont'd)

Reverse acquisition accounting

In previous years, the Company completed the acquisition of the entire equity interest in Blossom Eastland Sdn. Bhd. and its subsidiaries, i.e., Taraf Nusantara Sdn. Bhd. and Triprise Sdn. Bhd. ("Blossom Group") for a total consideration of RM593,604,357, satisfied through a combination of the issuance of 89,508,542 units of ordinary shares, 639,641,716 units of Redeemable Convertible Preference Shares ("RCPS") and 76,550,572 units of deferred RCPS to shareholders of Blossom Group. This transaction is treated as a reverse acquisition for accounting purpose as the shareholders of Blossom Group became the controlling shareholders of the Company upon the completion of the transaction. Accordingly, Blossom Group (being the legal subsidiaries in the transaction) is regarded as the accounting acquirer, and the Company (being the legal parent in the transaction) is regarded as the accounting acquiree.

The consolidated financial statements represent a continuation of the financial position, financial performance and cash flows of Blossom Group. Accordingly, the consolidated financial statements are prepared on the following basis: -

- (a) the assets and liabilities of Blossom Group are recognised and measured in the consolidated statement of financial position of the Group at their pre-acquisition carrying amounts;
- (b) the assets and liabilities of the Company are recognised and measured in the consolidated statement of financial position of the Group at their acquisition-date fair values;
- (c) the retained earnings and other equity balances recognised in the consolidated financial statements are the retained earnings and other equity balances of Blossom Group immediately before the reverse acquisition;
- (d) the amount recognised as issued equity interests in the consolidated financial statements is determined by adding to the issued equity of Blossom Group immediately before the Reverse Acquisition the fair value of the consideration effectively transferred based on the issue price of the Company's share. However, the equity structure appearing in the consolidated financial statements (i.e., the number and type of equity instruments issued) reflects the equity structure of the legal parent (i.e., the Company), including the equity instruments issued by the Company to effect the reverse acquisition;
- (e) the consolidated statement of comprehensive income for the financial year ended 31 December 2020 reflects the full financial year results of Blossom Group together with the post-acquisition results of the Company; and
- (f) the comparative figures presented in these consolidated financial statements are those of Blossom Group, except for its capital structure which is retroactively adjusted to reflect the legal capital of the accounting acquiree.

The consolidated statement of comprehensive income, consolidated statement of cash flows and consolidated statement of changes in equity of the Group for the financial year ended 31 December 2020 refers to the Group which includes the results of Blossom Group from 1 January 2020 to 31 December 2020 and the post-acquisition results of the Company from the date of completion of the reverse acquisition to 31 December 2020.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (a) Basis of consolidation (Cont'd)

Reverse acquisition accounting (Cont'd)

Separate financial statements of the Company

The above accounting method applies only at the consolidated financial statements. In the Company's separate financial statements, investments in the legal subsidiaries (the Blossom Group) are accounted for at cost less accumulated impairment losses, if any, in the Company's statement of financial position. The initial cost of the investment in the Blossom Group is based on the fair value of the ordinary shares, RCPS and deferred RCPS issued by the Company as at the acquisition date.

On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in the profit or loss.

#### Non-controlling interests

Non-controlling interests represent the equity in subsidiaries not attributable directly or indirectly, to Owners of the Company, and is presented separately in the Group's statements of comprehensive income and within equity in the Group's statements of financial position, separately from equity attributable to Owners of the Company. Non-controlling interest is initially measured at acquisition-date share of net assets other than goodwill as of the acquisition after and is subsequently adjusted for the changes in the net assets of the subsidiary after the acquisition date.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to Owners of the Company.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

#### Joint arrangements

A joint arrangement is an arrangement of which there is contractually agreed sharing of control by the Group with one or more parties, where decisions about the relevant activities relating to the joint arrangement require unanimous consent of the parties sharing control.

A joint arrangement is classified as "joint operation" when the Group has rights to the assets and obligations for the liabilities relating to an arrangement. The Group accounts for each of its share of the assets, liabilities and transactions, including its share of those held or incurred jointly with the other investors, in relation to the joint operation.

A joint arrangement is classified as "joint venture" when the Group has rights only to the net assets of the arrangement. The Group accounts for its interest in the joint venture using the equity method. Investment in a joint venture is measured in the Group's and the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

#### Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions between subsidiaries in the Group, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted associates are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (b) Revenue and other income recognition

(i) Revenue from contracts with customers

The Group is in the business of property development, construction of building and trading of building materials and hardware.

Revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer and is measured at the consideration specified in the contract of which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of sales and service tax, returns, rebates and discounts.

The Group recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of that asset.

Depending on the substance of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time. The Group transfers control of a good or service at a point in time unless one of the following over time criteria is met: -

- The customer simultaneously receives and consumes the benefits provided as the Group performs.
- The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The Group's performance does not create an asset with an alternative use and the Group has an
  enforceable right to payment for performance completed to date.

The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

The Group has identified its Performance Obligation ("PO") toward its customers as follows: -

#### Sale of completed properties

Sales of completed units is satisfied upon delivery of properties when the control of the properties had been transferred to purchasers. Payment is generally due 90 days after Sale and Purchase Agreement is signed. Revenue is recognised at point in time when the customer takes vacant possession of the properties.

#### Property development revenue

The Group recognises revenue from property development over time if it creates an asset with no alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (i.e., by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the contract). Payment is generally due 30 days upon issuance of invoice when right to payment for PO completed to date.

Certain bundled contracts provide the customer with an option to purchase an on-going property development unit with furniture and fittings. Furniture and fittings can also be obtained separately from another provider. As sale of an on-going property development unit and furniture and fittings are capable of being distinct and separately identifiable, there are two performance obligations within a bundled transaction. Accordingly, the Group allocates the transaction price based on relative stand-alone selling prices of the property development unit and furniture and fittings.

Stand-alone selling price are based on observable sales prices; however, where stand-alone selling prices are not directly observable, estimates will be made maximising the use of observable inputs.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (b) Revenue and other income recognition (Cont'd)

(i) Revenue from contracts with customers (Cont'd)

#### Construction contracts revenue

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work and claims. Under the terms of the contracts, the Group has an enforceable right to payment for performance completed to date and that the customer controls the assets during the course of construction by the Group and that the construction services performed does not create an asset with an alternative use to the Group.

Revenue from construction contracts is recognised progressively over time based on the percentage of completion by using the cost-to-cost method ("input method"), based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. The Directors consider that this input method is an appropriate measure of the progress towards complete satisfaction of these performance obligations under MFRS 15. Work done is measured based on actual and expected cost incurred for project activities.

There is no significant financing component in construction contracts with customers as the period between the recognition of revenue under the percentage of completion and the milestone payment is generally within the normal business operating cycle. Payment is generally due 30 days from date when PO is satisfied.

#### Furniture and fittings revenue

Revenue from sale of furniture and fittings are recognised at the point in time when control of the asset is transferred to the customer, usually on delivery and acceptance of the furniture and fittings.

#### Trading of building materials and hardware

Sales of building materials and hardware is satisfied upon delivery of goods where the control of the goods has been transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods, net of indirect taxes and discounts. Payment is generally due within 60 to 90 days from the date when PO is satisfied. Revenue is recognised at point in time when customers have acknowledged the receipt of goods sold.

#### Sales of food and beverages

Revenue is recognised at point in time upon delivery of foods and beverages to the customers, where all the payments are based on cash on delivery. Accordingly, transaction price is determined based on selling price of the goods.

#### Incremental costs of obtaining a contract with a customer

The Group pays sales commissions to external sales agent and employees as an incentive for sales of each unit of on-going property development to the customers. Sales commissions have been determined to be an incremental cost of obtaining a contract and are capitalised as contract costs when the Group expects these costs to be recovered over a period of more than one year.

Contract costs are amortised over the revenue recognition by reference to the progress towards complete satisfaction of the performance obligation. For contract costs with an amortisation period of less than one year, the Group has elected to apply the practical expedient to recognise as an expense when incurred. Amortisation of contract costs are included as part of selling and distribution expenses in the profit or loss, based on the nature of commission costs, and not under amortisation expenses.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (b) Revenue and other income recognition (Cont'd)

(i) Revenue from contracts with customers (Cont'd)

Contract assets and contract liabilities

Contract asset is the right to consideration in exchange for goods or services transferred to the customers. The Group's contract asset is the excess of cumulative revenue earned over the billings to-date.

When there is objective evidence of impairment, the amount of impairment losses is determined by comparing the contract asset's carrying amount and the present value of estimated future cash flows to be generated by the contract asset.

Contract asset is reclassified to trade receivables at the point at which invoices have been billed to customers.

Contract liability is the obligation to transfer goods or services to customers for which the Group has received the consideration or has billed the customer. The Group's contract liability is the excess of the billings to-date over the cumulative revenue earned. Contract liabilities are recognised as revenue when the Group performs its obligation under the contract.

#### (ii) Dividend income

Dividend income is recognised in profit or loss on the date that the Company's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

#### (iii) Interest income

Interest income is recognised on a time proportion basis that reflects the effective yield on asset.

#### (iv) Other income

Other income comprises of net income received from sale of fresh fruit bunch from the land held for joint development which is classified as inventories of the Group. The Group has outsourced the harvesting of fresh fruit bunch process to a Directors' related company.

#### (c) Employee benefits

(i) Short term employee benefits

Wages, salaries, social security contributions and bonuses are recognised as an expense in the financial year in which the associated services are rendered by employees of the Group and of the Company. Short-term accumulating compensated absences such as paid annual leave is recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when absences occur.

#### (ii) Defined contribution plan

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense as incurred. Once the contributions have been paid, the Group and the Company have no further payment obligations.

#### (iii) Equity-settled share-based payment transaction

The Group granted an equity-settled, share-based compensation plan for the Directors and employees of the Group for equity instruments of the Company (known as "share options"). Employee services received in exchange for the grant of the share options is recognised as an expense in the profit or loss over the vesting periods of the grant with a corresponding increase in equity.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (c) Employee benefits (Cont'd)

(iii) Equity-settled share-based payment transaction (Cont'd)

In the Company's separate financial statements, the grant of the share options to the subsidiaries' Directors and employees is not recognised as an expense. Instead, the fair value of the share options measured at the grant date is accounted for as an increase to the investment in subsidiary undertaking with a corresponding credit to the employee share option reserve.

When the options are exercised, the Company issues new ordinary shares. The proceeds received net of any directly attributable transaction costs are credited to ordinary shares when the options are exercised. The share options reserves are transferred to ordinary shares when the options are exercised. When options are not exercised and lapsed, the share options reserve is transferred to retained earnings.

#### (d) Government grants

Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions, they are then recognised in profit or loss as other income on a systematic basis over the useful life of the assets.

Grants that compensate the Group for expenses incurred are recognised in profit or loss as other income on a systematic basis in the same period in which the expenses are recognised.

The Group had received government grants relating to costs from wages subsidy programme introduced by the Malaysian Government due to the COVID-19 pandemic.

#### (e) Borrowing costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

Interest incurred on borrowings costs that are directly attributable to the acquisition, construction or production of a qualifying asset related to property development activities or construction of assets are capitalised as part of the cost of the asset during the period of time required to complete and prepare the asset for its intended use. Capitalisation of borrowing costs ceases when the assets are ready for their intended use or sale whereby the assets are no longer qualifying asset.

#### (f) Income taxes

#### Current tax

Tax expense represents the aggregate amount of current and deferred tax. Current tax is the expected amount payable in respect of taxable income for the financial year, using tax rates enacted or substantively enacted by the reporting date, and any adjustments recognised for prior years' tax. When an item is recognised outside profit or loss, the related tax effect is recognised either in other comprehensive income or directly in equity.

#### Deferred tax

Deferred tax is recognised using the liability method, on all temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction, which is not a business combination and at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to apply in the period in which the assets are realised or the liabilities are settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are recognised only to the extent that there are sufficient taxable temporary differences relating to the same taxable entity and the same taxable profits will be available against which the assets can be utilised.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (f) Income taxes (Cont'd)

Deferred tax (Cont'd)

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will be available for the assets to be utilised.

Deferred tax assets relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in relation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from business combination is adjusted against goodwill on acquisition or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the acquisition cost.

#### (g) Leases

#### As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are presented within property, plant and equipment and lease liabilities are presented as a separate line in the statements of financial position.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment.

In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. The Group applies MFRS 136 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in Note 3(o)(ii).

The lease liability is initially measured at the present value of the future lease payments at the commencement date, discounted using the Group's incremental borrowing rates. Lease payments included in the measurement of the lease liability include fixed payments, any variable lease payments, amount expected to be payable under a residual value guarantee, and exercise price under an extension option that the Group is reasonably certain to exercise.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, or if the Group changes its assessment of whether it will exercise an extension or termination option.

Lease payments associated with short term leases and leases of low value assets are recognised on a straight-line basis as an expense in profit or loss. Short term leases are leases with a lease term of 12 months or less. Low value assets are those assets valued at less than RM20,000 each when purchased new.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (g) Leases (Cont'd)

#### As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of "other income".

#### (h) Earnings per share

Basic earnings per share ("EPS") is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares, which comprise RCPS, free Warrant B and share options granted to employees.

#### (i) Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

#### (i) Recognition and measurement

Cost includes expenditures that are directly attributable to the acquisition of the assets and any other costs directly attributable to bringing the asset to working condition for its intended use, cost of replacing component parts of the assets, and the present value of the expected cost for the decommissioning of the assets after their use. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs. All other repair and maintenance costs are recognised in profit or loss as incurred.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss.

#### (ii) Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the profit or loss as incurred.

#### (iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (h) Property, plant and equipment (Cont'd)

#### (iii) Depreciation (Cont'd)

Depreciation is recognised in the profit or loss on straight line basis over its estimated useful lives of each component of an item of property, plant and equipment at the following annual rates: -

| Freehold properties    | 50 years   |
|------------------------|--|
| Warehouse              | 50 years   |
| Machinery              | 10 years   |
| Furniture and fittings | 10 years   |
| Motor vehicles         | 5 years  |
| Office equipment       | 10 years   |
| Office renovation      | 10 years   |
| Leased properties      | 3 to 6 years, or over the lease term, if shorter |

Freehold land has an indefinite useful life and therefore is not depreciated.

Depreciation methods, useful lives and residual values are reviewed at end of the reporting period and adjusted as appropriate.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these property, plant and equipment.

#### (j) Investment properties

Investment properties are properties which are owned or held under a leasehold interest to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes.

Investment properties are measured initially at its cost. Cost includes expenditure that is directly attributable to the acquisition of the investment properties. The cost of self-constructed investment properties includes the cost of materials and direct labour, any other cost directly attributable to bringing the investment properties to a working condition for their intended use.

Investment properties are subsequently measured at fair value with any change therein recognised in profit or loss for the period in which they arise.

Fair value gain or loss arising from the reclassification from inventories to investment property is recognised in profit or loss.

The investment properties are derecognised on its disposal, or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. The difference between the net disposal proceeds and the carrying amount is recognised in profit or loss in the period in which the items is derecognised.

#### (k) Intangible assets

#### <u>Goodwill</u>

Goodwill acquired in a business combination represents the difference between the purchase consideration and the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities in the subsidiaries at the date of acquisition.

Goodwill is allocated to cash generating units and is stated at cost less accumulated impairment losses, if any. Goodwill is not amortised but is tested for impairment annually and whenever there is an indication that they may be impaired. Impairment losses recognised are not reversed in subsequent periods.

Upon the disposal of investment in the subsidiary, the related goodwill will be included in the computation of gain or loss on disposal of investment in the subsidiary in the profit or loss.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (I) Inventories

Inventories are measured at the lower of cost and net realisable value. The inventories of the Group are made up of relevant cost of land and development expenditure. Land costs comprise cost incurred via acquisition or business arrangement. Any consideration payable for the land with deferred payment will be determined based on the present value of the deferred payment.

#### Land held for property development

Land held for property development consists of land on which no significant development work has been undertaken or where development activities are not expected to be completed within the normal operating cycle. Such land is classified as non-current asset and is stated at lower of cost and net realisable value.

Costs associated with the acquisition of land include the purchase price of the land, professional fees, stamp duties, commissions, conversion fees and other relevant levies. Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its net realisable value.

Land held for property development is transferred to property development costs (under current assets) when significant development work has been undertaken and is expected to be completed within the normal operating cycle of the Group or the developers.

#### Property development costs

Property development costs comprise all costs that are directly attributable to development activities or that can be allocated on a reasonable basis to such activities.

When the financial outcome of a development activity can be reliably estimated, property development revenue and expenses are recognised in profit or loss by using the stage of completion method. The stage of completion is determined by the proportion that property development costs incurred for work performed to date bear to the estimated total property development costs.

Where the financial outcome of a development activity cannot be reliably estimated, property development revenue is recognised only to the extent of property development costs incurred that is probable will be recoverable, and property development costs on properties sold are recognised as an expense in the period in which they are incurred.

Any expected loss on a development project, including costs to be incurred over the defect liability period, is recognised as an expense immediately.

Property development costs not recognised as an expense are recognised as an asset, which is measured at the lower of cost and net realisable value.

#### Unsold completed properties

The cost of unsold completed properties is stated at the lower of cost and net realisable value. Cost includes the relevant cost of land and development expenditure.

Net realisable value is the estimated selling price in the ordinary course of business, less the cost of completion and applicable variable selling expenses.

#### Finished goods (building materials and hardware and food and beverages)

Inventories are measured at the lower of cost and net realisable value.

The cost of inventories is measured based on weighted average cost formula, and includes expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their existing location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (m) Cash and cash equivalents

Cash and cash equivalents consist of cash at bank (including housing development account) and on hand, short term investments and fixed deposits with licensed banks that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of pledged deposits, if any.

#### (n) Financial instruments

(i) Initial recognition and measurement

A financial asset or a financial liability is recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

An embedded derivative is recognised separately from the host contract where the host contract is not a financial asset, and accounted for separately if, and only if, the derivative is not closely related to the economic characteristics and risks of the host contract and the host contract is not measured at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

(ii) Financial instrument categories and subsequent measurement

The Group and the Company categorise financial instruments as follows:

#### Financial assets

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group and the Company change its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

#### **Amortised cost**

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss. Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets.

All financial assets are subject to impairment assessment under Note 3(o)(i).

#### Financial liabilities

The category of financial liabilities at initial recognition is as follows: -

#### **Amortised cost**

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (n) Financial instruments (Cont'd)

#### (iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the statements of financial position when, and only when, the Group and the Company currently have a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and liability simultaneously.

#### (iv) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of:

- the amount of the loss allowance; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15: Revenue from Contracts with Customers.

Liabilities arising from financial guarantees are presented together with other provisions.

#### (v) Regular way purchase or sale of financial assets

A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

A regular way purchase or sale of financial assets is recognised and derecognised, as applicable, using trade date accounting. Trade date accounting refers to:

- (a) the recognition of an asset to be received and the liability to pay for it on the trade date, and
- (b) derecognition of an asset that is sold, recognition of any gain or loss on disposal and the recognition of a receivable from the buyer for payment on the trade date.

#### (vi) Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or control of the asset is not retained or substantially all of the risk and rewards of ownership of the financial assets are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

#### (o) Impairment of assets

#### (i) Financial assets

The Group and the Company recognise loss allowances for expected credit losses ("ECLs") on financial assets measured at amortised cost and contract assets. Expected credit losses are a probability-weighted estimate of credit losses.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (o) Impairment of assets (Cont'd)

(i) Financial assets (Cont'd)

Loss allowance of the Group and of the Company are measured on either of the following bases: -

- (a) 12-month ECLs represents the ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- (b) Lifetime ECLs represents the ECLs that will result from all possible default events over the expected life of a financial instrument or contract asset.

The impairment methodology applied depends on whether there has been a significant increase in credit risk

#### Simplified approach - trade receivables and contract assets

The Group applies the simplified approach to provide ECLs for all trade receivables, and contract assets as permitted by MFRS 9. The simplified approach required expected lifetime losses to be recognised from initial recognition of the receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where applicable.

#### General approach - other financial instruments and financial guarantee contracts

The Group and the Company apply the general approach to provide for ECLs on all other financial instruments, which requires the loss allowance to be measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group and the Company assess whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs. In assessing whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Company's historical experience and informed credit assessment and including forward looking information, where available.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group and the Company consider a financial guarantee contract to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditors in full, without recourse by the Group and the Company to action such as realising security (if any is held). The Group and the Company only apply a discount rate if, and to the extent that, the risks are not taken into account by adjusting the expected cash shortfalls.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group and the Company are exposed to credit risk.

#### Credit impaired financial assets

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost is credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (o) Impairment of assets (Cont'd)

(i) Financial assets (Cont'd)

Credit impaired financial assets (Cont'd)

Evidence that a financial asset is credit impaired includes the observable data about the following events:

- Significant financial difficulty of the borrower or issuer;
- A breach of contract such as a default or past due event [e.g., being more than 120 days (property development and construction contract segment) or 330 days (trading segment) past due];
- The lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider (e.g., the restructuring of a loan or advance by the Group and the Company on terms that the Group and the Company would not consider otherwise);
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- The disappearance of an active market for security because of financial difficulties.

#### Write-off policy

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Company's procedures for recovery of amounts due. Any recoveries made are recognised in profit or loss.

#### (ii) Non-financial assets

The carrying amounts of non-financial assets (except for inventories) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised immediately in profit or loss, unless the asset is carried at a revalued amount, in which such impairment loss is recognised directly against any revaluation surplus of the assets to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset. A cash-generating unit is the smallest identifiable asset group that generates cash flow that largely are independent from other assets and groups.

The recoverable amount of an asset or cash-generating units is the greater of its value in use and its fair value less cost to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of time value of money and the risks specific to the asset.

Except for goodwill, assets that were previously impaired are reviewed for possible reversal of the impairment at the end of each reporting period. Any subsequent increase in recoverable amount is recognised in the profit or loss unless it reverses an impairment loss on a revalued asset in which case it is taken to revaluation reserve. Reversal of impairment loss is restricted by the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

An impairment loss recognised for goodwill is not reversed.

An impairment loss is recognised for the amount by which the carrying amount of the subsidiary or associate exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and present value of the estimated future cash flows expected to be derived from the investment including the proceeds from its disposal. Any subsequent increase in recoverable amount is recognised in profit or loss.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (p) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group and of the Company after deducting all of their liabilities.

#### Ordinary shares

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

#### **RCPS**

The RCPS are regarded as compound instruments, consisting of a liability component and an equity component. The component of RCPS that exhibits characteristics of a liability is recognised as a financial liability in the statements of financial position, net of transaction costs. The dividends on those shares are recognised as interest expense in profit or loss using the effective interest rate method. On issuance of the RCPS, the fair value of the

liability component is determined using a market rate for an equivalent non-convertible debt and this amount is carried as a financial liability.

The residual amount, after deducting the fair value of the liability component, is recognised and included in shareholder's equity, net of transaction costs.

Transaction costs are apportioned between the liability and equity component of the RCPS based on the allocation of proceeds to the liability and equity components when the instruments were first recognised.

#### (q) Operating segments

Operating segments are defined as components of the Group that:

- (a) engage in business activities from which it could earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group);
- (b) whose operating results are regularly reviewed by the chief operating decision maker of the Group in making decisions about resources to be allocated to the segment and assessing its performance; and
- (c) for which discrete financial information is available.

The Group reports separately information about each operating segment that meets any of the following quantitative thresholds:

- (a) its reported revenue, including both sales to external customers and intersegment sales or transfers, is 10% or more of the combined revenue, internal and external, of all operating segments.
- (b) the absolute amount of its reported profit or loss is 10% or more of the greater, in absolute amount of: -
  - (i) the combined reported profit of all operating segments that did not report a loss; and
  - (ii) the combined reported loss of all operating segments that reported a loss.
- (c) its assets are 10% or more of the combined assets of all operating segments.

Operating segments that do not meet any of the quantitative thresholds may be considered reportable, and separately disclosed, if the management believes that information about the segment would be useful to users of the financial statements.

Total external revenue reported by operating segments shall constitute at least 75% of the revenue of the Group. Operating segments identified as reportable segments in the current financial year in accordance with the quantitative thresholds would result in a restatement of prior period segment date for comparative purposes.

31 DECEMBER 2022

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### (r) Fair value measurement

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liabilities takes place either in the market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or liability, the Group and the Company use observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities that the Group and the Company can access at the measurement date.
- Level 2: Input other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.

The Group and the Company recognise transfer between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

#### (s) Foreign currencies

Foreign currency translations and balances

Transactions in foreign currencies are converted into the functional currency at rates of exchange ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the end of each reporting period are translated into the functional currency at rates of exchange ruling at that date. All exchange differences arising from the settlement of foreign currency transactions and from the translation of foreign currency monetary assets and liabilities are included in profit or loss in the period in which they arise. Non-monetary items initially denominated in foreign currencies, which are carried at historical cost are translated using the historical rates as of the date of acquisition, and non-monetary items, which are carried at fair value are translated using the exchange rate that existed when the values were determined for presentation currency purposes.

#### (t) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is not recognised in the statements of financial position and is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

31 DECEMBER 2022

#### 4. REVENUE

| Unutilised tax losses         | 233,675    | 10,231                 |
| Unabsorbed capital allowances | 20,468     | -                      |
|                               | 254,143    | 10,231                 |

The comparative figures have been restated to reflect the actual unutilised tax losses and unabsorbed capital allowances carried forward.

With effect from Year of Assessment ("YA") 2019, the unutilised tax losses in a year of assessment of the Group can only be carried forward for a maximum period of 10 consecutive YAs to be utilised against income from any business source.

#### 8. EARNINGS PER ORDINARY SHARE

Basic earnings per ordinary share

Basic earnings per ordinary share for the financial year is calculated by dividing the profit after tax attributable to Owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

|   |             | Group       |
|---|-------------|-------------|
|   | 2022        | 2021        |
| Profit after tax attributable to Owners of the Company (RM)                           | 178,257,361 | 201,505,701 |
| Weighted average number of ordinary shares:   |             |             |
| Number of ordinary shares in issue at beginning of the financial year                 | 822,431,369 | 483,489,169 |
| Effect of weighted average number of ordinary shares issued during the financial year | 14,189,251  | 318,810,271 |

31 DECEMBER 2022

#### 8. EARNINGS PER ORDINARY SHARE (Cont'd)

Diluted earnings per ordinary share

The diluted earnings per ordinary share is calculated based on the adjusted consolidated profit for the financial year attributable to the Owners of the Company and the weighted average number of ordinary shares in issue during the financial year that have been adjusted for the dilutive effects of all potential ordinary shares.

|   |             | Group       |
|---|-------------|-------------|

| Fair value adjustments                  | 1,694,748              | 5,081,873                    | 6,776,621   |
| At 31 December                          | 7,707,044              | 15,215,000                   | 22,922,044  |

In the prior financial year, the management has adopted fair value measurement for all its investment properties. The fair values were arrived by reference to market evidence of transaction prices for similar properties and were performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued.

Fair values were determined based on comparison method with similar lands and properties that have been sold recently and those that are currently being offered for sale in the vicinity with appropriate adjustments made to reflect improvements and other dissimilarities and to arrive at the value of the subject lands and properties.

The fair value of the investment properties is categorised at Level 3 of the fair value hierarchy as certain inputs for the properties were unobservable, of which the most significant inputs into this valuation approach are location, size, age and condition of tenure and title restriction.

The investment properties with total net carrying amount of RM9,042,044 (2021: RM8,967,044) have been pledged to a licensed bank for the banking facilities granted to the Group as disclosed in Note 24.

Rental income generated from investment properties during the financial year was RM414,455 (2021: RM163,239).

#### 11. GOODWILL

|   | Group      |            |
|---|------------|------------|
|   | 2022       | 2021       |
| Cost  |            |            |
| At 1 January                                      | 25,576,497 | 24,505,996 |
| Addition from: -                                  |            |            |
| - direct acquisition of subsidiaries [Note 12(a)] | -          | 1,939,913  |
| Written off [Note 12(a)]                          | <u>-</u>   | (869,412)  |
| At 31 December                                    | 25,576,497 | 25,576,497 |

Goodwill acquired in a business combination is allocated, at acquisition date, to the cash-generating units ("CGUs") that are expected to benefit from the business combinations.

31 DECEMBER 2022

#### 11. GOODWILL (Cont'd)

#### **2021**

In the prior financial year, net additional goodwill on consolidation of RM1,070,501 arose from the acquisition of two (2) direct subsidiaries, namely Opti Vega Sdn. Bhd. ("OVSB") and Sitiawan Bolts and Nuts Hardware Sdn. Bhd. ("SBNH") via Blossom Eastland Sdn. Bhd. ("BESB") and YWT as disclosed in Note 12(a). The consideration paid for the business combination included a control premium. In addition, the consideration paid for the business combination effectively included amounts in relation to the on-going development project sum which will then be allocated to inventories of the Group. These benefits are recognised separately from goodwill because they meet the recognition criteria for identifiable intangible assets.

None of the goodwill arising on these acquisitions is deductible for tax purposes.

#### Impairment review on goodwill

Goodwill arising from business combinations has been allocated to four (2021: four) individual cash-generating units ("CGUs") for impairment testing and the breakdown of goodwill allocated to each CGU is as follows: -

|             | LPB Group<br>RM | RUSB<br>RM | YWT<br>RM | SBNH<br>RM | OVSB<br>RM | Total<br>RM |
|-------------|-----------------|------------|-----------|------------|------------|-------------|
| Group       |                 |            |           |            |            |             |
| 2022        |                 |            |           |            |            |             |
| Goodwill    | 4,690,160       | 11,181,561 | 8,634,275 | 1,070,501  |            | 25,576,497  |
| 2021        |                 |            |           |            |            |             |
| Goodwill    | 4,690,160       | 11,181,561 | 8,634,275 | 1,070,501  | 869,412    | 26,445,909  |
| Written off | -               | -          | -         | -          | (869,412)  | (869,412)   |
|             | 4,690,160       | 11,181,561 | 8,634,275 | 1,070,501  |            | 25,576,497  |

Property development segment (LPB Group)

The recoverable amounts of the CGU were based on fair value less costs of disposal calculations. The calculations were determined using projected cash flows for its secured land for future development project to derive its adjusted net assets.

The key assumptions used in the preparation of the projected cash flows are as follows:

- (i) Pre-tax industry discount rates of 13.97% (2021: 9.13%);
- (ii) There will be no material changes in the development projects and principal activities of the subsidiary; and
- (iii) There will not be any significant changes in the gross development value and cost, wages and other related costs, resulting from industrial dispute, adverse changes in economic conditions or other abnormal factors, which will adversely affect the operations of the CGU.

The sensitivity analysis is presented as follows: -

- An increase of 1 percentage point in the discount rate would have reduced the recoverable amount by approximately RM6.15 million (2021: RM5.90 million).
- An increase of 10 percentage point in the gross development costs would have reduced the recoverable amount by approximately RM46.12 million.

31 DECEMBER 2022

#### 11. GOODWILL (Cont'd)

#### **Building construction segment (RUSB)**

The recoverable amounts of the CGU were based on fair value less costs of disposal calculations. The calculations were determined using projected cash flows for its secured construction contracts covered during its construction period to derive its adjusted net assets.

The key assumptions used in the preparation of the projected cash flows are as follows:

- (i) Pre-tax industry discount rates of 13.88% (2021: 9.07%);
- (ii) There will be no material changes in the construction contracts of the subsidiary; and
- (iii) There will not be any significant changes in the contracted sum and supply of raw materials, wages and other related costs, resulting from industrial dispute, adverse changes in economic conditions or other abnormal factors, which will adversely affect the operations of the CGU.

The sensitivity analysis is presented as follows: -

- An increase of 1 percentage point in the discount rate would have reduced the recoverable amount by approximately RM0.87 million (2021: RM0.69 million).
- An increase of 3 percentage point in the gross development costs would have reduced the recoverable amount by approximately RM11.84 million.

#### Trading of building materials and hardware segment (YWT)

The recoverable amounts of the CGU were based on value-in-use calculations. The calculations were determined using projected cash flows for a five-year period and by extrapolation using the growth rate based on historical experience, management's assessment of future trends and expectation of market development in the respective industries.

The key assumptions used in the preparation of the projected cash flows are as follows:

- (i) Pre-tax industry discount rates of 13.43% (2021: 9.11%);
- (ii) There will be no material changes in the structure and principal activities of the subsidiary;
- (iii) Projected revenue growth rate of 15% (2021: 10%) per annum and terminal value without growth rate;
- (iv) There will not be any significant changes in the prices and supply of raw materials, wages and other related costs, resulting from industrial dispute, adverse changes in economic conditions or other abnormal factors, which will adversely affect the operations of the CGU; and
- Receivables and payables turnover period are estimated to be consistent with its historical normalised turnover period.

The sensitivity analysis is presented as follows:

- A decrease of 10 percentage point in the revenue growth rate would have reduced the recoverable amount by approximately RM4.25 million (2021: RM7.73 million).
- A decrease of 0.5 percentage point (2021: 1 percentage point) in the budgeted gross margin would have reduced the recoverable amount by approximately RM 8.64 million (2021: RM25.34 million).
- An increase of 1 percentage point in the discount rate would have reduced the recoverable amount by approximately RM3.75 million (2021: RM9.73 million).

#### Trading of building materials and hardware segment (SBNH)

The recoverable amounts of the CGU were based on value-in-use calculations. The calculations were determined using projected cash flows for a five-year period and by extrapolation using the growth rate based on historical experience, management's assessment of future trends and expectation of market development in the respective industries.

31 DECEMBER 2022

#### 11. GOODWILL (Cont'd)

Trading of building materials and hardware segment (SBNH) (Cont'd)

The key assumptions used in the preparation of the projected cash flows are as follows:

- (i) Pre-tax industry discount rates of 14.69% (2021: 9.14%);
- (ii) There will be no material changes in the structure and principal activities of the subsidiary;
- (iii) Projected revenue growth rate of 20% (2021: 10%) per annum and terminal value without growth rate;
- (iv) There will not be any significant changes in the prices and supply of raw materials, wages and other related costs, resulting from industrial dispute, adverse changes in economic conditions or other abnormal factors, which will adversely affect the operations of the CGU; and
- (v) Receivables and payables turnover period are estimated to be consistent with the current financial year.

The sensitivity analysis is presented as follows:

- A decrease of 10 percentage point in the revenue growth rate would have reduced the recoverable amount by approximately RM1.53 million (2021: RM1.24 million).
- A decrease of 1 percentage point in the budgeted gross margin would have reduced the recoverable amount by approximately RM2.14 million (2021: RM1.19 million).
- An increase of 1 percentage point in the discount rate would have reduced the recoverable amount by approximately RM0.34 million (2021: RM0.32 million).

During the financial year, the Group performed goodwill impairment testing and no impairment loss is required to be recognised.

#### 12. INVESTMENTS IN SUBSIDIARIES

|  | Company     |             |

<sup>\*</sup> Ordinary shares of these subsidiaries have been pledged to a licensed bank as securities for credit facilities granted to the Group and to the Company as disclosed in Note 24. As at 31 December 2022, the Company has fully settled the outstanding facilities and currently pending the securities to be discharged.

31 DECEMBER 2022

#### 12. INVESTMENTS IN SUBSIDIARIES (Cont'd)

(a) Direct acquisition of subsidiaries

#### **2022**

On 04 June 2022, the Company had further subscribed 749,999 ordinary shares in LPBC for a cash consideration of RM749,999. No changes to the Company's effective equity interest of 100% in LPBC.

On 30 August 2022, the Company via LPBD had further subscribed 105,000 ordinary shares in LMSB for a cash consideration of RM105,000. No changes to the Company's effective equity interest of 70% in LMSB.

During the financial year, the Company via TNSB acquired the remaining 50% equity interest of Lagenda Tapah Sdn. Bhd. ("LTSB") which was completed on 08 July 2022 via cash consideration of RM17,597,146. The details of total consideration have been disclosed in Note 14. For accounting purpose, the cut-off was taken on 31 July 2022.

The fair value of the identifiable assets and liabilities arising from the purchase price allocation ("PPA") of LTSB as at the date of completion was: -

|  | As at<br>31.07.2022<br>RM |
|--|---------------------------|
| LTSB   |                           |
| Inventories  | 25,444,260                |
| Cash and cash equivalents  | 25,233                    |
| Trade payables   | (265)                     |
| Other payables   | (122,234)                 |
| Fair value of net identifiable assets acquired                   | 25,346,994                |
| The effect of the acquisition on cash flows is as follows: -     |                           |
|  | RM                        |
| Net cash flow arising from acquisition of a subsidiary           |                           |
| Cash consideration   | 17,597,146                |
| Less: Cash and cash equivalents from acquisition of a subsidiary | (25,233)                  |
| Net cash outflow on completion of acquisition of a subsidiary    | 17,571,913                |

31 DECEMBER 2022

#### 12. INVESTMENTS IN SUBSIDIARIES (Cont'd)

(a) Direct acquisition of subsidiaries (Cont'd)

#### 2022 (Cont'd)

The bargain purchase arising from the direct acquisition is as follows: -

|  | RM           |
|--|--------------|
| Bargain purchase arising from direct acquisition     |              |
| Cash consideration                                   | 17,597,146   |
| Less: Fair value of net identifiable assets acquired | (25,346,994) |
| Bargain purchase on consolidation (LTSB)             | (7,749,848)  |

Purchase price allocation ("PPA")

During the financial year, the Group had performed PPA exercise for a newly acquired subsidiary, namely, LTSB.

#### (i) LTSB

The Group has recognised a bargain purchase of RM7,749,848 arising from the acquisition of LTSB which contributed from its future on-going development project sum which will then be allocated to inventories of the Group. The bargain purchase on acquisition of LTSB has been recognised in the statements of comprehensive income under the line item "Other income".

#### **2021**

On 30 April 2021, the Company via BESB acquired 400,000 ordinary shares in TSB representing the remaining equity interest of 40% for a cash consideration of RM400,000. Consequently, TSB became a wholly-owned subsidiary of the Group.

On 21 June 2021, the Company via LPBD subscribed for 70,000 ordinary shares representing an equity interest of 70% in LMSB for a cash consideration of RM70,000.

On 04 October 2021, the Company had further subscribed 750,000 ordinary shares in LPBD for a cash consideration of RM750,000. No changes to the Company's effective equity interest of 100% in LPBD.

In the prior financial year, the Company via BESB and YWT acquired the entire equity interest of Maxitanah Sdn. Bhd. ("MTSB"), Opti Vega Sdn. Bhd. ("OVSB") and Sitiawan Bolts and Nuts Hardware Sdn. Bhd. ("SBNH") which were completed on 1 June 2021, 26 July 2021 and 6 October 2021 respectively via the following purchase consideration: -

#### **MTSB**

Cash consideration of RM10,200,000.

#### OVSB

Cash consideration of RM9,900,000.

#### **SBNH**

Cash consideration of RM1,400,000.

For accounting purpose, the cut-off was taken on 31 May 2021, 31 July 2021 and 30 September 2021 respectively.

31 DECEMBER 2022

#### 12. INVESTMENTS IN SUBSIDIARIES (Cont'd)

(a) Direct acquisition of subsidiaries (Cont'd)

#### 2021 (Cont'd)

The goodwill/(bargain purchase) arising from the direct acquisition is as follows: - (Cont'd)

|  | RM           |
|--|--------------|
| Representing as follows: -                 |              |
| Goodwill on consolidation [SBNH (Note 11)] | 1,070,501    |
| Goodwill written off [OVSB (Note 11)]      | 869,412      |
| Bargain purchase on consolidation (MTSB)   | (11,019,782) |
| •  | (9,079,869)  |

#### Purchase price allocation ("PPA")

During the financial year, the Group had performed PPA exercise for those newly acquired subsidiaries, namely, MTSB, OVSB and SBNH.

#### (i) MTSB

The Group has recognised a bargain purchase of RM11,019,782 arising from the acquisition of MTSB which contributed from its future on-going development project sum which will then be allocated to inventories of the Group. The bargain purchase on acquisition of MTSB has been recognised in the statements of comprehensive income under the line item "Other income".

#### (ii) OVSB

The Group has written off the unallocated premium paid of RM869,412 arising from the acquisition of OVSB of which it does not derive any further recoverable value. The goodwill written off has been recognised in the statements of comprehensive income under the line item "Other expenses".

#### (b) Non-controlling interests in a subsidiary

The subsidiary of the Group that have non-controlling interests ("NCI") are as follows: -

|   | LMSB     |
|---|----------|
| 2022  |          |
| NCI percentage of ownership and voting interest (%) | 30%      |
| Carrying amount of NCI (RM)                         | 8,492    |
| Loss allocated to NCI (RM)                          | (31,118) |

31 DECEMBER 2022

#### 12. INVESTMENTS IN SUBSIDIARIES (Cont'd)

(b) Non-controlling interests in a subsidiary (Cont'd)

The subsidiary of the Group that have non-controlling interests ("NCI") are as follows: (Cont'd)

|                                 | LMSB     | TSB *   | Total    |
|---------------------------------|----------|---------|----------|
| 2021                            |          |         |          |
| NCI percentage of ownership and |          |         |          |
| voting interest (%)             | 30%      | 40%     |          |
| Carrying amount of NCI (RM)     | (5,390)  | -       | (5,390)  |
| Loss allocated to NCI (RM)      | (35,390) | (4,397) | (39,787) |

<sup>\*</sup> The Group had acquired remaining 40% equity interest in TSB and resulted TSB became a wholly-owned subsidiary.

The summarised financial information before intra-group elimination of the subsidiaries that have NCI as at the end of each reporting period are as follows: -

|   | LMSB<br>RM   |
|---|--------------|
| At 31 December 2022                           |              |

| Name of Joint Venture           | Principal Activities  | 2022            | 2021        |
| Lagenda Inta Sdn. Bhd. ("LISB") | Building construction | 50%             | _           |

#### 2022

On 26 January 2022, the Company entered into a shareholders' agreement with Inta Bina Group Berhad ("IBG"), and incorporated a joint venture company, Lagenda Inta Sdn. Bhd. ("LISB"). The Company has subscribed for 375,000 ordinary shares representing an equity interest of 50% in LISB for a total cash consideration of RM375,000. Subsequently, on 19 August 2022, the Company further subscribed 125,000 ordinary shares in LISB for a cash consideration of RM125,000. No changes to the Company's effective equity interest of 50% in LISB.

LISB is structured as a separate vehicle and provides the Company rights to the net assets of the entity. Accordingly, the Directors consider that the Company has joint control over LISB and has classified the investment in LISB as a joint venture.

The following table summarises the financial information of LISB, as adjusted for any differences in accounting policies. The table also reconciles the summarised financial information to the carrying amount of the Company's interest in LISB, which is accounted for using the equity method.

|  | LMSB<br>RM          |

#### 14. INVESTMENT IN JOINT OPERATIONS

The details of the joint operations, all of which are incorporated in Malaysia are as follows: -

|                                   |                      | Effective Equity | / Interest |
|-----------------------------------|----------------------|------------------|------------|
| Name of Joint Operation Companies | Principal Activities | 2022             | 2021       |
| Held through LPBD                 |                      |                  |            |
| BDB Lagenda Sdn. Bhd. ("BDB")     | Property development | 50%              | 50%        |
| Held through TNSB                 |                      |                  |            |
| Lagenda Tapah Sdn. Bhd. ("LTSB")  | Property development | -                | 50%        |

#### <u>2022</u>

In previous years, TNSB entered into a Joint Development and Shareholders Agreement ("JDSA") with Tenaga Danawa Sdn. Bhd. ("TDSB") to jointly develop 4 parcels of lands held under Mukim Batang Padang, Daerah Batang Padang, Negeri Perak which measuring approximately 229.73 acres into a mixed development project. Subsequently, Lagenda Tapah Sdn. Bhd. ("LTSB") was incorporated on 16 October 2020 where TNSB holds 125,000 units of ordinary shares amounted to RM125,000 and TDSB holds the remaining 125,000 units of ordinary shares amounted to RM125,000. The Group has classified investment in LTSB as investment on joint operation as the Group has rights to the assets and obligations for the liabilities relating to the arrangement.

In the prior financial year, TNSB has paid an amount of RM2,000,000, being the advance payment by virtue of the clauses stipulated within the JDSA.

On 6 April 2022, there is an additional entitlement of RM3,023,146 pursuant to the supplemental agreement of the joint development arrangement.

On 23 June 2022, TNSB entered into a Deed of Revocation for the JDSA dated 21 September 2020 with TDSB; and made a full and final settlement of the landowner's entitlement of RM12,324,000, representing a 48% discount of the original landowner's entitlement negotiated based on a "Willing Buyer Willing Seller" basis.

The advance extended by TNSB to TDSB prior to the revocation amounting to RM2,000,000 was considered as part of the purchase consideration.

As of the reporting date, TDSB has transferred the remaining 50% of the paid-up share capital of LTSB, amounting to RM125,000 to TNSB. The acquisition of the entire equity interest in LTSB was completed on 31 July 2022 for a total investment cost at RM17,597,146 as disclosed in Note 12(a). Consequently, LTSB became wholly-owned subsidiary of TNSB as disclosed in Note 12.

On 25 March 2022, the Company via LPBD had further subscribed 124,999 ordinary shares in BDB for a cash consideration of RM124,999. No changes to the Company's effective equity interest of 50% in BDB.

#### **2021**

BDB Lagenda Sdn. Bhd. ("BDB") was incorporated on 02 April 2021 where LPBD holds 1 unit of ordinary share and BDB Land Sdn. Bhd. holds the remaining 1 unit of ordinary share. On 06 April 2021, LPBD entered into a Joint Venture Cum Shareholders Agreement with BDB Land Sdn. Bhd. to jointly develop 5 separate parcels of lands located in Darulaman Putra, Negeri Kedah which measuring approximately 229.99 acres into a mixed development project. The Group has classified investment in BDB as investment on joint operation as the Group has rights to the assets and obligations for the liabilities relating to the arrangement.

31 DECEMBER 2022

#### 15. OTHER INVESTMENT

In prior year, this represents investment in an on-going development with a fixed return of RM2,500,000 to be received two years from the commencement date of the development. During the financial year, the Group has received the fixed return of RM2,500,000 and recognised a gain of RM1,462,000 in the statements of comprehensive income.

| At beginning of the financial year                                | (534,672,317) | (490,722,775) |
| Recognised during the financial year                              | (348,737,955) | (341,312,101) |
| Less:   |               |               |
| Adjustments to completed projects during the financial year       | 377,980,546   | 297,362,559   |
| At end of the financial year                                      | (505,429,726) | (534,672,317) |
| Property development costs at end of financial year               | 438,040,987   | 382,584,702   |

During the financial year, the carrying amount of RM7,749,848 represents the fair value contributed from its on-going development project sum. The remaining inventories costs of RM17,694,412 have been capitalised in prior year upon application of proportionate consolidation for the investment in joint operation.

#### (ii) Unsold completed units

In the prior financial year, total unsold completed units (i.e., commercial shop lots) of RM6,631,427 have been transferred to investment properties as disclosed in Note 10.

The titles to certain lands held for property development, unsold completed units and on-going property development are in the name of Directors' related company ("Landowner") with full power of attorney obtained by the Group. The titles to the on-going development, unsold completed units and lands held for property development will be directly transferred from landowner to the property purchasers.

31 DECEMBER 2022

#### 16. INVENTORIES (Cont'd)

Land held for property development and on-going development of the Group with the total net carrying amount of RM105,873,517 (2021: RM107,994,730) have been pledged to licensed banks for the banking facilities granted to the subsidiaries as disclosed in Note 24.

#### 17. TRADE RECEIVABLES

<sup>(</sup>i) Retention sum held by contract customers are due upon expiry of retention periods of 24 months after issuance of Certificate of Completion and Compliance.

31 DECEMBER 2022

#### 18. OTHER RECEIVABLES (Cont'd)

(i) Included in this balance is receivable from a former associate under deferred payment term pursuant to Shares Sale Agreement ("SSA").

|                               | Gro        | up/Company |
|-------------------------------|------------|------------|
|                               | 2022<br>RM | 2021<br>RM |
| Future minimum collection:    |            |            |
| - collectible within one year | -          | 12,329,194 |
| Less: Fair value adjustment   |            | (875,124)  |
|                               | -          | 11,454,070 |

Included in the other receivables of the Group of RM Nil (2021: RM5,454,112) representing liquidated ascertained damages income charged to a sub-contractor for the late completion of works on certain development projects.

- (ii) Amounts due from Directors' related companies relates to rental income, which are collectible on demand.
- (iii) These amounts are non-trade in nature, unsecured, interest-free advances, which are collectible on demand.
- (iv) These amounts are non-trade in nature, which represented accrued management fee and interest charged to subsidiaries, which are collectible on demand.
  - Included in the amounts due from subsidiaries of RM Nil (2021: RM50,500,000), which represented dividend income receivable as at the reporting date.
  - Included in the amounts due from subsidiaries of RM35,595,110 (2021: RM76,355,028) are non-trade in nature, unsecured, with interest bearing at 5.50% (2021: 5.48%) per annum. The remaining balances are not subject to any interest bearing as the amounts aged less than 1-month period.
- (v) Included in deposits of the Group of RM40,512,668 (2021: RM7,492,394) were deposits paid for four (2021: five) sale and purchase agreements ("SPAs") for acquisition of lands. As at year end, the condition precedents of SPAs have yet to be fulfilled and remaining capital commitments are disclosed in Note 31.
- (vi) Contract costs represent costs to obtain contracts which relate to incremental sales person and agent commission for obtaining property sales contracts which are expected to be recovered through revenue recognition by reference to the progress towards complete satisfaction of the performance obligation with contract customers. These costs are subsequently expensed off as selling and marketing expenses by reference to the performance completed to date, consistent with the revenue recognition pattern.

During the financial year, the total costs to obtain contracts recognised by the Group as selling and marketing expenses in profit or loss amounting to RM24,333,201 (2021: RM21,153,786).

31 DECEMBER 2022

#### 19. CONTRACT ASSETS/(LIABILITIES)

|                      |       |             | Group       |
|----------------------|-------|-------------|-------------|
|                      | Note  | 2022<br>RM  | 2021<br>RM  |
| Property development | (i)   | 277,800,049 | 214,714,203 |
| Construction         | (ii)  | (352,509)   | 7,956,382   |
| Completed units      | (iii) | (2,700,600) | (2,701,228) |
|                      | _     | 274,746,940 | 219,969,357 |
| Represented by:      |       |             |             |
| Contract assets      |       | 277,800,049 | 222,670,585 |
| Contract liabilities | _     | (3,053,109) | (2,701,228) |
|                      | _     | 274,746,940 | 219,969,357 |

Contract assets primarily relate to the Group's right to consideration for work completed on property development and construction contract but not yet billed at the reporting date. Typically, the amount will be billed within 30 days and payment is expected within 60 days.

Contract liabilities primarily relate to amount billed to customer before a related performance obligation is satisfied by the Group.

- (i) Included in the bank balances of the Group is amount of RM133,940,773 (2021: RM37,753,429) placed in Housing Development Accounts ("HDA") in accordance with Section 7(A) of the Housing Development (Control and Licensing) Act, 1966 (Amended 2002). These HDA accounts, which consist of monies received from purchasers, are for the payment of property development costs incurred. The surplus monies in these accounts, if any, will be released to the Group in accordance with the provisions of the Act.
- (ii) The fixed deposits placed with licensed banks by the Group carry interest rates ranging from 1.68%-4.00% (2021: 2.04%-3.53%) per annum and had maturity period of 3 to 6 months (2021: 3 months).
  - Included in fixed deposits of the Group is an amount of RM32,149,577 (2021: RM3,585,470) pledged to licensed banks as security for banking facilities granted to the Group as disclosed in Note 24.
- (iii) This refers to investment in a short to medium-term fixed income fund of which the fund will be invested in money market investments and short to medium term fixed income instruments. The distribution income from this fund is tax exempted and is being treated as interest income by the Group and the Company.

<sup>(</sup>i) The holders of ordinary shares are entitled to receive dividends as and when declared by the Company and are entitled to one vote per ordinary share at meetings of the Company. The ordinary shares have no par value.

#### (ii) <u>2022</u>

During the financial year, the Company has increased its issued ordinary shares from RM617,385,785 to RM636,005,550 by way of the issuance of 14,895,812 new ordinary shares at an issue price of RM1.25 per share pursuant to the exercise of Warrants B 2017/2022 ("Warrants B").

#### 2021

In the prior financial year, the Company has increased its issued ordinary shares from RM339,580,184 to RM617,385,785 by way of the issuance of: -

- 85,000,000 new ordinary shares through private placement at an issue price of RM1.11 per share for working capital purpose and net off with incurred placement fee of RM1,707,560;
- 250,000,000 new ordinary shares of RM0.7351 each pursuant to the conversion of redeemable convertible preference shares ("RCPS") at a conversion ratio of 1 RCPS for 1 new ordinary share and net off with incurred dividend paid of RM3,539,589; and
- 3,942,200 new ordinary shares at an issue price of RM1.25 per share pursuant to the exercise of Warrants B 2017/2022 ("Warrants B").

31 DECEMBER 2022

#### 21. ORDINARY SHARES (Cont'd)

- (iii) The value of the Group's ordinary shares differs from that of the Company as a result of Reverse Acquisition accounting as described in Note 3(a).
  - (a) The amount recognised as issued equity instruments in the consolidated financial statements comprise the issued equity of Blossom Group immediately before the Reverse Acquisition and the costs of the Reverse Acquisition.
  - (b) This represents the fair value of the consideration transferred in relation to the Reverse Acquisition. As Blossom Group is a private entity group, the fair value of the Company's shares provides a more reliable basis for measuring the consideration transferred than the estimated fair value of the share in Blossom Group. The consideration transferred is determined using the fair value of the issued equity of the Company before the acquisition and the number of new ordinary shares Blossom Group would have to issue to the equity holders of the Company to maintain the ratio of ownership interest in the combined entity, which represents the total deemed purchase consideration of RM83,613,748.
  - (c) The Company's increased share capital of RM67,131,406 represents the purchase consideration of Blossom Group which was satisfied by the allotment and issuance of 89,508,542 units of ordinary shares of the Company measured at RM0.75 per ordinary share, together with 639,641,716 units of RCPS and 76,550,572 units of deferred RCPS measured at RM0.7351 per RCPS.
  - (d) The equity structure (i.e., the number and types of equity instruments issued) reflect the equity structure of the Company, being the legal parent, including the equity instruments issued by the Company to effect the Reverse Acquisition.
- (iv) Included in ordinary shares of the Group was dividend paid in relation to RCPS converted during the year which was transferred from other reserves.

#### **Warrants**

On 27 January 2017, the Group completed the listings of bonus issue of 580,644,468 free warrants on the basis of one (1) warrant for every two (2) existing shares held on the entitlement date. The Group executed the Deed Poll constituting the warrants and the issue price and exercise price of the warrants have been fixed at RM0.05 each respectively.

The warrants may be exercised at any time commencing on the date of issue of warrants on 23 January 2017 but not later than 21 January 2022. Any warrants which have not been exercised at date of maturity will lapse and cease to be valid for any purpose.

The new ordinary shares allotted and issued upon exercised of the warrants shall rank pari passu in all respect with the then existing ordinary shares of the Group, save and except that they shall not be entitled to any dividends, rights, allotments and/or other distributions, the entitlement date of which is prior to the date of allotment of the new ordinary shares arising from exercise of the warrants.

On 7 August 2020, pursuant to the Share Consolidation and in accordance with the provisions of the Deed Poll, the exercise price and the outstanding number of Warrants B held by a Warrants Holder are required to be adjusted to ensure that the status of the Warrants Holders would not be prejudiced after the completion of the Share Consolidation. The total number of warrants before Share Consolidation was 580,644,468 and the adjusted total number of warrants was 23,225,777.

In the prior financial year, 3,942,200 of Warrants B were exercised at an exercise price of RM1.25 per Warrant B. As at 31 December 2021, the total numbers of Warrants B that remain unexercised amounted to 19,283,577.

During the financial year, 14,895,812 of Warrants B were exercised at an exercise price of RM1.25 per Warrant B. As at 31 December 2022, the total number of Warrants B that remain unexercised amounted to 4,387,765 has expired and lapsed.

The units of RCPS are as follows: -

31 DECEMBER 2022

No RCPS recognised by the Group as a result of reverse acquisition accounting as described in Notes 3(a) and 21(iii).

31 DECEMBER 2022

#### 22. REDEEMABLE CONVERTIBLE PREFERENCE SHARES ("RCPS") (Cont'd)

#### 2022

During the financial year, the total RCPS of the Company has reduced from RM216,561,004 to RM209,855,010 due to incurrence of dividend paid or payable of RM9,482,499 and unwinding of discount recognised to statements of comprehensive income of RM2,776,505. No conversion of RCPS in the current financial year. As at 31 December 2022, the total number of RCPS remain unconverted amounted to 296,192,288.

#### **2021**

On 21 January 2021, the RCPS of the Company decreased from RM398,425,455 to RM216,561,004 by way of the conversion of 250,000,000 RCPS for 250,000,000 new ordinary shares at a conversion ratio of 1 RCPS for 1 new ordinary share and net off with incurred dividend paid or payable of RM8,468,953 and unwinding of discount recognised to statements of comprehensive income of RM6,839,913.

On 3 August 2021, the Company has issued and allotted 76,550,572 retention RCPS of which the fair value of RM0.7351 per RCPS has been recognised in prior financial year for the purpose of acquisition of Blossom Group. As at 31 December 2021, the total number of RCPS remain unconverted amounted to 296,192,288.

The effective interest rate of the liability component of the RCPS is range from 4.61% to 6.89% (2021: 4.61% to 6.89%) per annum.

The salient terms of the RCPS are as follows: -

#### **Transferability**

The RCPS is not transferable without the consent of the Company.

#### **Tenure**

The tenure of RCPS is for 8 years commencing from and inclusive of the date of issue of the RCPS on 12 August 2020.

#### Coupon rate

The RCPS carry the right to receive a cumulative preferential dividend out of the distributable profit of the Company at a fixed rate of 4% per annum, compounded annually, based on the issue price, payable annually in arrears. The right to receive dividends shall cease once the RCPS are converted into shares of the Company or redeemed by the Company, provided that all accrued and unpaid dividend shall be paid on the date of conversion or the date of redemption, as the case may be.

#### Liquidation

In the event of liquidation, or winding up, the RCPS shall rank in priority to any other unsecured securities or shares of the Company. The RCPS shall constitute direct, unconditional, unsecured and unsubordinated obligations of the Company and shall upon allotment and issue, rank pari passu without any preference or priority among themselves and in priority to other redeemable convertible preference shares that may be created in future but shall rank behind all secured and unsecured obligations of the Company. The RCPS shall rank in priority to the ordinary shares with regard to dividend payment.

#### Voting right

The RCPS shall carry no right to vote at any general meeting of the ordinary shareholders of the Company except with regards to any proposal to reduce the capital of the Company, to dispose of the whole of the Company's property, business and/or undertakings or to wind-up the Company and at any time during the winding-up of the Company. The RCPS holders shall be entitled to vote at any class meeting of the holders of the RCPS in relation to any proposal by the Company to vary or abrogate the rights of RCPS as stated in the constitution/articles of association of the Company. Every holder of RCPS who is present in person at such class meeting will have one vote on a show of hands and on a poll, every holder of RCPS who is present or by proxy will have on vote for every RCPS of which he is the holder.

31 DECEMBER 2022

#### 22. REDEEMABLE CONVERTIBLE PREFERENCE SHARES ("RCPS") (Cont'd)

#### Conversion

The holder of RCPS shall be entitled to convert each RCPS held by him into such number of shares of the Company in accordance with the conversion ratio at any time during the conversion period. Unless previously redeemed or converted or purchased and cancelled, all outstanding RCPS will be mandatorily converted into new shares of the Company on the maturity date.

The conversion ratio shall be one RCPS to one new share, subject to adjustments from time to time at the determination of the board of directors of the Company in the event of any alteration to the Company's share capital, whether by way of rights issue, capitalisation issue, consolidation of shares, subdivision of shares or reduction of capital howsoever being effected, in accordance with the provisions of the constitutions/articles of association of the Company.

The RCPS shall be convertible into new shares on any market day at any time during the tenure of the RCPS commencing on and including the issue date up to and including the maturity date.

The conversion price per new share shall be an amount equivalent to the issue price, which shall be deemed settled by way of set-off against the purchase consideration in accordance with the terms of this agreement. No additional cost or consideration shall be payable by the holder of the RCPS upon such exercise of the conversion rights.

Unless previously redeemed or converted or purchased and cancelled, the RCPS may at the option of the Company be redeemed, in whole or in part, at any time during the tenure of the RCPS at the redemption price. The Company shall give not less than 30 days prior written notice to the RCPS holders of the redemption of RCPS. The RCPS holders shall be entitled to exercise their conversion rights to convert their RCPS into new shares at any time after the Company issues a notice of redemption and prior to the redemption being effected. All RCPS which are redeemed or purchased by the Company shall be cancelled immediately and cannot be resold.

#### Redemption

Redemption price is equivalent to the issue price and redeemable at the discretion of RCPS holder.

The share option reserve represents the equity-settled share options granted to employees. This reserve is made up of the cumulative value of services received from employees recorded on grant of share options.

31 DECEMBER 2022

#### 23. OTHER RESERVES (Cont'd)

(i) Share option reserve (Cont'd)

At an extraordinary general meeting held on 28 June 2021, the Company's shareholders approved establishment of an Employee Share Option Scheme ("ESOS") which is governed by the By-Laws.

The salient features of the ESOS are as follows: -

- (i) The maximum number of new shares of the Company, which may be available under the scheme, shall not exceed in aggregate 15% of the total number of issued shares of the Company at any point in time during the existence of the ESOS;
- (ii) An employee of the Group shall be eligible to participate in the ESOS if, as at the date of the ESOS offer, such employee: -
  - has attained the age of at least eighteen (18) years and is not an undischarged bankrupt; and
  - is in the employment of any corporation within the Group and/or its subsidiaries, which are not dormant, who has been either confirmed in service for a continuous period of at least one (1) year or serving in a specific designation under an employment contract for a continuous fixed duration of at least one (1) year and has not served a notice to resign nor received a notice of termination.
    - In the case of a director or a chief executive officer or a major shareholder of the Company and/ or persons connected to them, their specific allotments under the ESOS shall be approved by the shareholders of the Company in a general meeting.
- (iii) The ESOS shall be in force for a period of five (5) years from 25 October 2021 and may be extended by the Board at its absolute discretion for a further period of up to five (5) years, but will not in aggregate exceed ten (10) years from 25 October 2021 or such longer period as may be allowed by the relevant authorities;
- (iv) The option price may be subjected to a discount of not more than 10% of the average of the market quotation of the shares as shown in the daily official list issued by Bursa Malaysia Securities Berhad for the five (5) trading days immediately preceding the offer date, or at par value of the shares of the Company, whichever is higher;
- (v) The option may be exercised by the grantee by notice in writing to the Company in the prescribed form during the option period in respect of all or any part of the new shares of the Company comprised in the ESOS;
- (vi) All new ordinary shares issued upon exercise of the options granted under the ESOS will rank pari passu in all respects with the existing ordinary shares of the Company, except that new ordinary share allotted and issued, will not be entitled to any dividends, rights, allotments and/or other distributions declared, where the entitlement date of which is prior to date of allotment and issuance of the new shares; and
- (vii) The option granted to eligible employees will lapse when they are no longer in employment with the Group.

31 DECEMBER 2022

(i) Share option reserve (Cont'd)

**OTHER RESERVES (Cont'd)** 

23.

### 2022

On 03 February 2022, the Company has offered 12,450,000 options ("ESOS 2") to eligible employees of the Company and its non-dormant subsidiaries to subscribe for new ordinary shares in the Company. Similar to the ESOS granted in the prior financial year, these options have a vesting period of five (5) years from 03 February 2022 to 02 February 2027 and will expire on 03 February 2027. These options are exercisable if the employee remains in service for three (3) years from the date of grant.

## 2021

In the prior financial year, the Company has granted 74,600,000 share options ("ESOS 1") under the ESOS plan. These options have a vesting period of five (5) years from 25 October 2021 to 24 October 2026 and will expire on 25 October 2026. These options are exercisable if the employee remains in service for three (3) years from the date of grant, except for Directors of the Company which the options granted are exercisable upon granted and capped at 20% per financial year

31 DECEMBER 2022

#### 23. OTHER RESERVES (Cont'd)

#### (i) Share option reserve (Cont'd)

The fair value of ESOS 1 and ESOS 2 granted in both financial years was estimated using the Trinomial Option Pricing model, taking into account the terms and conditions upon which the options were granted. The fair value of share options measured at grant date and the assumptions are as follows:

|                                       | 2022<br>ESOS 2 | 2021<br>ESOS 1 |
|---------------------------------------|----------------|----------------|
| Fair value of ESOS at grant date (RM) | 0.45           | 0.80           |
| Weighted average share price (RM)     | 1.30           | 1.60           |
| Exercise price (RM)                   | 1.17           | 1.44           |
| Expected volatility (%)               | 40.90%         | 43.91%         |
| Risk free rate (%)                    | 3.24%          | 3.15%          |

The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may not necessarily be the actual outcome. No other feature of the option was incorporated into the measurement of fair value.

Directors of the Group have been granted the following number options under ESOS: -

|                                    | 2022<br>Unit | 2021<br>Unit |
|------------------------------------|--------------|--------------|
| At beginning of the financial year | 12,000,000   | -            |
| Granted                            |              | 12,000,000   |
| At end of the financial year       | 12,000,000   | 12,000,000   |

During the financial year, a cumulative 4,800,000 units (2021: 2,400,000 units) of options were vested and exercisable as the Director remained in service for three (3) years from the date of grant.

#### (ii) RCPS dividend payable

|   | Group        |              |  |
|---|--------------|--------------|--|
|   | 2022<br>RM   | 2021<br>RM   |  |
| RCPS dividend payable: -                        |              |              |  |
| At 1 January                                    | (10,793,468) | (5,864,104)  |  |
| Dividend paid/payable during the financial year | (9,482,499)  | (8,468,953)  |  |
| Transfer to ordinary share capital              | <u>-</u>     | 3,539,589    |  |
| At 31 December                                  | (20,275,967) | (10,793,468) |  |

As disclosed in Note 21(iv), other reserve was in relation to dividend paid/payable for unconverted RCPS and will be transferred to ordinary share capital upon conversion.

31 DECEMBER 2022

31 DECEMBER 2022

#### 27. TRADE PAYABLES (Cont'd)

The normal credit terms granted to the Group range from 30 to 60 days (2021: 30 to 60 days).

(i) These are in respect of payable for landowner's entitlement under deferred payment term pursuant to the development rights agreement entered into with a third party. Pursuant to the said agreement, the entitlement shall be paid based on a mutually agreed schedule of payment. These deferred payables are measured at amortised cost at imputed interest rate of 6.45% per annum.

(i) Being contingent consideration in relation to direct acquisition of YWT recognised by the Group and the Company in prior year as disclosed in Note 12(a).

Pursuant to the Shares Sale Agreement ("SSA") signed with the vendors of YWT, the vendors guarantee that profit after tax of YWT for financial year ended ("FYE") 2020 and FYE 2021 shall collectively be not less than RM10.00 million. The Company shall pay the remaining consideration of RM15,437,715 ("Second Tranche Payment") to the vendors. within 4 months after FYE 2021. During the financial year, the remaining consideration has been paid upon satisfaction of profit guarantee by YWT of RM10 million.

The contingent consideration is measured at amortised cost at imputed interest rate of 8.80%.

31 DECEMBER 2022

#### 30. RELATED PARTY DISCLOSURES

#### Identifying related parties

For the purposes of these financial statements, parties are considered to be related to the Group and to the Company if the Group and the Company have the ability, directly or indirectly, to control or joint control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Group has a related party relationship with Directors' related companies, a joint venture and key management personnel. The Company has related party relationship with its subsidiaries, a joint venture and Directors' related companies. Directors' related companies refer to companies in which certain Directors of the Company have substantial financial interests and/or are also Directors of the companies. The joint venture refers to the company jointly controlled by itself. The related party balances of the Group and of the Company are disclosed in Notes 17, 18, 27 and 28. The related party transactions of the Group and of the Company are shown below.

#### Related party transactions

The related party transactions between the Group and the Company and their related parties during the financial year are as follows: -

31 DECEMBER 2022

#### 32. SEGMENTAL INFORMATION

Segment information is presented in respect of the Group's business segments. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

For management purposes, the Group is organised into the following three (3) operating segments:

(i) Property development

- Property development activities and sale of completed units

(ii) Construction

Construction of building

(iii) Trading

- Trading and supply of hardware and all related products

#### Segment revenue and results

The accounting policies of the reportable segments are the same as the Group's accounting policies described in Note 3(q). Segment results represent profit or loss before finance costs and tax of the segment. Inter-segment transactions are entered in the ordinary course of business based on terms mutually agreed upon by the parties concerned.

#### (a) Reporting format

#### **Segment assets**

The total of segment asset is measured based on all assets of a segment, as included in the internal management reports that are reviewed by the Chief Operating Decision Maker ("CODM"). Segment total asset is used to measure the return on assets of each segment.

#### Segment liabilities

Segment liabilities information is neither included in the internal management reports nor provided regularly to the CODM. Hence, no disclosure is made on segment liability.

#### (b) Allocation basis and transfers

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets, liabilities and expenses.

Segment revenue, expenses and results include transfers between business segments. These transfers are eliminated on consolidation.

#### (c) Geographical information

No other segmental information such as geographical segment is presented as the Group is principally involved in the investment holding, property development, construction and trading of building materials and hardware activities and operate from Malaysia only.

#### (d) Major customers

There is no major customer with revenue equal or more than 10% of the Group's total revenue.

# NOTES TO THE FINANCIAL STATEMENTS (Cont'd) 31 DECEMBER 2022

#### 33. FINANCIAL INSTRUMENTS

#### **Categories of financial instruments**

The Group's and the Company's financial assets and financial liabilities are all categorised as amortised costs respectively, except for derivative contract measured at fair value through profit or loss as disclosed in Note 28(v).

#### **Financial Risk Management Objectives and Policies**

The Group's financial risk management policy is to ensure that adequate financial resources are available for the development of the Group's operations whilst managing the financial risks, including credit risk, interest risk, foreign currency risk and liquidity risk. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

The following sections provide details regarding the Group's and the Company's exposure to the abovementioned financial risks and the objectives, policies and processes for the management of these risks.

31 DECEMBER 2022

#### 33. FINANCIAL INSTRUMENTS (Cont'd)

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (a) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from its receivables (which consist of trade receivables and other receivables), contract assets, advances to a joint venture company and Directors' related companies. The Company's exposure to credit risk arises principally from loans and advances to subsidiaries, a joint venture company and financial guarantees given to banks for credit facilities granted to subsidiaries. There are no significant changes as compared to prior year.

#### Trade receivables and contract assets

Risk management objectives, policies and processes for managing the risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit risk is minimised and monitored via strictly limiting the Group's association to business partners with good credit rating. Credit evaluations are performed on all customers requiring credit over a certain amount.

At each reporting date, the Group assesses whether any of the trade receivables and contract assets are credit impaired.

There are no significant changes as compared to previous year.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk from receivables is represented by the carrying amounts in the statements of financial position.

#### Concentration of credit risk

The Group determines concentration of credit risk by monitoring the profiles of its receivables on an ongoing basis

As at 31 December 2022, the Group has significant concentration of credit risk arising from the amount owing from 4 customers (2021: 4 customers) constituting 23% (2021: 26%) of gross trade receivables of the Group.

#### Recognition and measurement of impairment loss

Trade receivables and contract assets from property development segment ("collateralised receivables")

The Group recognises a loss allowance for expected credit losses on a financial asset that is measured as receivable and a contract asset if the credit risk on that financial instrument has increased significantly since initial recognition. The Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition as the trade receivable and contract assets are determined to have low credit risk at the reporting date.

For the purposes of measuring expected credit losses, the estimate of expected cash shortfalls shall reflect the cash flows expected from collateral and other credit enhancements that are part of the contractual terms and are not recognised separately by the Group. The estimate of expected cash shortfalls on a collateralised financial instrument reflects the amount and timing of cash flows that are expected from foreclosure on the collateral less the costs of obtaining and selling the collateral, irrespective of whether foreclosure is probable (i.e., the estimate of expected cash flows considers the probability of a foreclosure and the cash flows that would result from it).

The Group has possession of the legal rights to the properties sold and lands developed by its subsidiaries and this is deemed serve as a collateral and in the event of defaults by the purchaser, the expected cash shortfall from selling the collateral less the cost of obtaining and selling the collateral is immaterial.

31 DECEMBER 2022

#### 33. FINANCIAL INSTRUMENTS (Cont'd)

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (a) Credit risk (Cont'd)

#### Trade receivables and contract assets (Cont'd)

Recognition and measurement of impairment loss (Cont'd)

Trade receivables and contract assets from construction contract segment ("non-collateralised receivables")

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances and to ensure that receivables that are neither past due nor impaired are stated at their realisable values. Any receivables having significant balances past due more than 1 year, which are deemed to have higher credit risk, are monitored individually.

In determining the recoverability of these receivables, the Group considers any change in the credit quality of the receivables from the date the credit was initially granted up to the reporting date. Receivables are monitored on a going concern basis via Group's management reporting procedures and action will be taken for long outstanding debt. The Group is exposed to significant concentration of credit risk to a customer, a body incorporated by the Government of Malaysia. The expected credit loss rate on the amounts outstanding from the customer are considered low as it has low risk of default and strong capacity to meet its contractual cash flow obligations in the near term and adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the said Body to fulfil its contractual cash flow obligations.

Trade receivables from trading segment ("non-collateralised receivables")

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances and to ensure that receivables that are neither past due nor impaired are stated at their realisable values.

The Group has applied the simplified approach in MFRS 9 to measure the loss allowance at lifetime expected credit losses as disclosed in Note 3(o)(i). The Group assesses impairment of trade receivables on individual and collective basis.

For individual assessment, it is due to different risk credit characteristics and these debtors can be individually managed by the Group in an effective and efficient manner. The Group has reasonable and supportable information available to assess the impairment individually.

For collective assessment, the Group determines the expected credit losses by using a provision matrix for collective assessed receivables which are grouped together based on shared credit risk characteristics and similar types of contracts which have similar risk characteristics.

31 DECEMBER 2022

#### 33. FINANCIAL INSTRUMENTS (Cont'd)

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (a) Credit risk (Cont'd)

#### Trade receivables and contract assets (Cont'd)

Recognition and measurement of impairment loss (Cont'd)

Trade receivables from trading segment ("non-collateralised receivables") (Con't)

Loss rates are calculated using a 'roll rate' method based on the probability of a receivable progressing through successive stages of delinquency.

Loss rates are based on actual credit loss experienced over the prior years and are adjusted to reflect the alternative forward-looking information. The Group also considers differences between (a) economic conditions during the period over which the historical data has been collected, (b) current conditions and (c) the Group's view of economic conditions over the expected lives of the receivables.

Any receivables having significant balances past due more than 330 days from different customer profiles are deemed to have higher credit risk. The Company has subsequently recognised a loss allowance of 100% against all receivables after 330 days (credit-impaired) because historical experience has indicated that these receivables are generally not recoverable.

#### Impairment losses

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets as at the reporting date which are grouped together as they are expected to have similar risk nature.

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (a) Credit risk (Cont'd)

#### Trade receivables and contract assets (Cont'd)

Receivables that are past due but not impaired

Property development segment

Trade receivables that are past due but not impaired are secured in nature and comprise property purchasers mostly are with end financing facilities from reputable end-financiers whilst the others are creditworthy debtors with good payment records. The Directors are of the opinion that these debts should be realisable in full without material losses in the ordinary course of business.

Construction contract and trading segment

The Group has not provided for impairment for these trade receivables as there has been no significant changes in their credit quality and the amounts are still considered recoverable according to historical repayment trend of these trade receivables. The Group does not hold any collateral or other credit enhancement over these balances.

#### Credit impaired

#### Property development segment

Trade receivables that are individually determined to be impaired at the reporting date relate to debtors that are in significant financial difficulties and have defaulted on payments subsequent to 120 days past due, depending on risk profile of the respective debtors. These receivables are not secured by any collateral or credit enhancements.

As at 31 December 2021, a debtor of the Group with credit impaired risk on total debt outstanding amounted to RM Nil (2021: RM7,430,382) has been renegotiated with the Group by way of 12-months repayment plan within the next financial year end.

#### Trading segment

Trade receivables that are determined to be impaired at the reporting date relate to debtors that have defaulted on payments subsequent to 330 days after credit period. These receivables are not secured by any collateral or credit enhancements.

#### Amounts due from subsidiaries, Directors' related companies and a joint venture company

Risk management objectives, policies and processes for managing the risk

The Group and the Company provide unsecured loans and advances to its subsidiaries, Directors' related companies and a joint venture company. The Group and the Company monitor the ability of the subsidiaries, Directors' related companies, and a joint venture company to repay the loans and advances on an individual basis.

#### Exposure to credit risk, credit quality and collateral

As at the end of the financial year, the maximum exposure to credit risk arising from amounts due from subsidiaries, Directors' related companies and a joint venture company are represented by the carrying amount in the statements of financial position. Loans and advances provided are not secured by any collateral or supported by any other credit enhancements.

#### 33. FINANCIAL INSTRUMENTS (Cont'd)

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (a) Credit risk (Cont'd)

#### Amounts due from subsidiaries, Directors' related companies and a joint venture company (Cont'd)

Recognition and measurement of impairment loss

Amount due from subsidiaries, Directors' related companies and a joint venture company are repayable on demand. For loans that are repayable on demand, expected credit losses are assessed based on the assumption that repayment of the loan is demanded at the reporting date.

Generally, the Group and the Company consider loans and advances to subsidiaries, Directors' related companies and a joint venture company have low credit risk. The Group and the Company assume that there is a significant increase in credit risk when the subsidiaries', Directors' related companies' and a joint venture company's financial position deteriorates significantly. As the subsidiaries, Directors' related companies and a joint venture company are within same group of management and therefore the Management is able to determine the timing of payments of the subsidiaries', Directors' related companies' and a joint venture company's loans and advances when it is payable, the Group and the Company consider subsidiaries', Directors' related companies' and a joint venture company's loan or advance to be credit impaired when the subsidiaries, Directors' related companies and a joint venture company are unlikely to repay the loan or advances to the Group and the Company in full given insufficient highly liquid resources when the loan is demanded.

The Group and the Company determine the probability of default for these loans and advances individually using internal information available.

As at year end, there were no indications of impairment loss in respect of amounts due from subsidiaries, Directors' related companies and a joint venture company.

#### Financial guarantees

The Company provides financial guarantees to its subsidiaries in respect of banking facilities and credit limit granted. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries to financial institution.

Exposure to credit risk, credit quality and collateral

The Company's maximum exposure to credit risk amounting to RM379,309,401 (2021: RM87,685,832) representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period. The financial guarantees are provided as credit enhancements to the subsidiaries' banking facilities.

The Company assumes that there is a significant increase in credit risk when the subsidiaries' financial position deteriorates significantly. The Company considers a financial guarantee to be credit impaired when:

- The subsidiaries are unlikely to repay its credit obligation to the bank or suppliers in full; or
- The subsidiaries are continuously loss making and is having a deficit in shareholders' fund.

The Company determines the probability of default of the guaranteed loans individually using internal information available. The fair value of the financial guarantees is negligible as the probability of the financial guarantees being called upon is remote at the initial recognition.

31 DECEMBER 2022

#### 33. FINANCIAL INSTRUMENTS (Cont'd)

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (a) Credit risk (Cont'd)

#### Cash and cash equivalents

The cash and cash equivalents are held with banks and financial institutions. As at the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position. These banks and financial institutions have low credit risks. Hence, a loss allowance is not necessary.

#### Other receivables and deposits

Other receivables are considered to have low credit risk as they are not due for payment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month expected credit losses which reflects the low credit risk of the exposures. As at the end of the reporting period, the Group and the Company did not recognise any allowance for impairment losses.

#### (b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises mainly from interest-bearing financial assets and liabilities.

The interest rate profile of the Group's and of the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was:

|                           |               | Group         |            | Company       |
|---------------------------|---------------|---------------|------------|---------------|
|                           | 2022<br>RM    | 2021<br>RM    | 2022<br>RM | 2021<br>RM    |
| Floating rate instruments |               |               |            |               |
| Financial asset: -        |               |               |            |               |
| Short term investment     | 117,328,151   | 106,538,741   | 6,800,542  | 3,141,971     |
| Financial liabilities: -  |               |               |            |               |
| Banker's acceptance       | (5,391,000)   | (8,007,000)   | -          | -             |
| Revolving credit          | (166,497,386) | (10,000,000)  | -          | (10,000,000)  |
| Term loans                | (207,421,016) | (181,991,411) |            | (102,312,578) |
|                           | (261,981,251) | (93,459,670)  | 6,800,542  | (109,170,607) |

The Group and the Company are exposed to interest rate risk through the impact of rate changes in floating rate instruments. The changes in interest rates would not have material impact on the profit or loss and equity of the Group and of the Company.

31 DECEMBER 2022

#### 33. FINANCIAL INSTRUMENTS (Cont'd)

#### Financial Risk Management Objectives and Policies (Cont'd)

#### (c) Foreign currency risk

Foreign currency risk is the risk that the fair value of cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group is exposed to foreign currency risk on borrowings that are denominated in a currency other than functional currency of the Group. The currency giving rise to this risk is primarily United States Dollar ("USD").

Foreign exchange exposures in transactional currency other than functional currency of the Group is kept to an acceptable level.

Exposure to foreign currency risk

The Group's significant exposure to foreign currency (a currency which is other than functional currency of the Group) risk, based on carrying amounts as at end of the reporting period was: -

Denominated in USD RM

#### 2022

Borrowings (76,430,903)

The Group is exposed to foreign currency risk through the impact of foreign exchange rate changes. The changes in foreign exchange rates would not have material impact on the profit or loss and equity of the Group.

#### (d) Liquidity risk

Liquidity risk is the risk that the Group and the Company will encounter difficulty in meeting financial obligations associated with financial liabilities. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through use of stand-by credit facilities.

The Group's and the Company's liquidity risk management policy is to manage their debt maturity profile, operating cash flows and the availability of funding so as to ensure that refinancing, repayment and funding needs are met. In addition, the Group and the Company maintain sufficient levels of cash and available banking facilities at a reasonable level to their overall debt position to meet their working capital requirement.

This liquidity risk exposure is included for illustration purpose only as the related financial guarantees have not crystallised.

31 DECEMBER 2022

#### 34. FAIR VALUE MEASUREMENTS

Assets and liabilities carried at fair value

The fair value measurement hierarchies used to measure non-financial assets at fair values in the statements of financial position are disclosed in Notes 10 and 28(v).

There were no material transfers between Level 1, Level 2 and Level 3 during the financial year.

Financial instrument other than those carried at fair value

Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amounts of short-term receivables and payables and cash and cash equivalents approximate their fair values due to the relatively short-term nature of these financial instruments and insignificant impact of discounting.

The carrying amount of long-term floating rate loans approximates their fair value as the loans will be re-priced to market interest rate on or near reporting date.

#### 35. CAPITAL MANAGEMENT

The Group's and the Company's objectives when managing capital is to maintain a strong capital base and safeguard the Group's and the Company's ability to continue as a going concern. The Group and the Company monitor and maintain an optimal debt-to-equity ratio that complies with debt covenants and regulatory requirements.

The Group and the Company monitor capital using net debt-to-equity ratio which is the net debt divided by total equity. Net debt includes lease liabilities and loans and borrowings, less cash and cash equivalents whilst total equity is equity attributable to Owners of the Company.

The net debt-to-equity ratios at end of the reporting period are as follows: -

|  | C             | Group         |
|--|---------------|---------------|
|  | 2022<br>RM    | 2021<br>RM    |

#### 37. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

Completion on acquisition of freehold agriculture lands

On 2 July 2021, the Group via LMSB entered into three (3) Sale and Purchase Agreements ("SPAs") with a third party in relation to the acquisition of three (3) parcels of vacant freehold agriculture lands located at Mersing, Johor for purchase considerations of RM45,068,918.

The acquisitions of the above vacant freehold agriculture lands located at the Mersing, Johor was completed as at 31 December 2022. Accordingly, the land cost of RM45,068,918 has been recognised within the inventories of the Group.

On 02 September 2022, the Group via LMSB entered into one (1) Novation Agreement with LPBD and Symphony Hills Sdn. Bhd. to take over the five (5) parcels of lands at Mukim Batang Padang, of which the purchase consideration of RM29.86 million has been settled by LPBD. The purchase has been recognised in the financial statements.

#### Acquisition of freehold and leasehold agriculture lands

On 09 August 2022, the Group via TNSB entered into a conditional sale and purchase agreement ("SPA") with Ladang Awana Sdn. Bhd. ("LASB") in relation to the proposed acquisition of the 42 block titles of leasehold development/ agricultural land measuring approximately 422 acres, all located within Mukim Durian Sebatang, Perak, for a total cash consideration of RM92.40 million. As at 31 December 2022, the Group has recorded a total of RM27.72 million of deposits as all conditions precedent ("CPs") set forth in Schedule 2 of the above-mentioned agreement have yet to be fulfilled and therefore the purchase has not been recognised in the financial statements and has been disclosed as capital commitment in Note 31.

On 05 September 2022, the Group via BESB entered into a development rights agreement with Kumpulan Hartanah Selangor Berhad ("KHSB"), to develop a mixed development on a leasehold land, measuring approximately 191 acres in Selangor. The development rights value payable to KHSB for the development rights granted is RM42 million. As of 31 December 2022, BESB recorded a deposit of RM4.20 million, being the deposit and part payment towards the development rights value upon the execution of the said agreement. All conditions precedent ("CPs") set forth in Section 2 of the above-mentioned agreement are yet to be satisfied and has been disclosed as capital commitment in Note 31.

31 DECEMBER 2022

#### 37. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR (Cont'd)

Acquisition of freehold and leasehold agriculture lands (Cont'd)

On 21 November 2022, LMSB accepted an offer to purchase two (2) parcels of vacant freehold agriculture lands located at Kulai, Johor for a purchase consideration of RM396,358,146. The acquisitions of the above vacant freehold agriculture lands located at the Kulai, Johor was not completed as at the reporting date due to certain conditions precedent have yet to be fulfilled and therefore the purchase has not been recognised in the financial statements and has been disclosed as capital commitment in Note 31.

#### 38. EVENTS SUBSEQUENT TO THE END OF FINANCIAL YEAR

Completion on acquisition of freehold agriculture lands

On 09 August 2022, the Group via TNSB entered into a conditional sale and purchase agreement ("SPA") with Ladang Awana Sdn. Bhd. ("LASB") in relation to the proposed acquisition of the 42 block titles of development/agricultural land measuring approximately 422 acres, all located within Mukim Durian Sebatang, Perak, for a total cash consideration of RM92.40 million.

The acquisition of the above vacant freehold agriculture lands was completed on 31 March 2023.

#### Second interim dividend

On 27 February 2023, the Board of Directors has declared a second interim single tier dividend of 3.5 sen per ordinary share for the financial year ended 31 December 2022, amounting to RM29,306,451. The entitlement date has been fixed on 04 April 2023, which is payable on 17 April 2023 and will be credited into the entitled depositors' securities accounts maintained with Bursa Malaysia Depository Sdn. Bhd.

These dividends will be accounted for in equity as an appropriation of retained profits in the financial year ending 31 December 2023.
