GROUP OF COMPANIES

OCCUPATIONAL SAFETY & HEALTH POLICY

We believe that health, safety and environment form an important and integral part of our company, management, engineering and construction and other related business activities. We are fully committed to foster a strong health and safety culture with a high level of environmental awareness as one of the values of our company philosophy. The implementation of this policy shall include the following:

- 1. Complying with legal and other requirement.**
- 2. Prevention of accidents at work site.**
- 3. Prevention of environmental pollution of work site.**
- 4. Striving for continual improvement.**
- 5. Providing the necessary resources in pursuing the objective.**

The employees and other related subcontractors and parties will be trained, guided to implement and practice good safety, health and environmental aspects of the works. They are encouraged to actively participate in creating and maintaining a safe and healthy working condition. This policy shall be communicated made available to all employees and other related subcontractors and the parties.

The policy shall be reviewed and revised for its continuing suitability and be disseminated to all relevant parties.
